President Harrison's Feeling Speech Before a Relief Meeting—Nearly $1,000,000 Raised for the Sufferers.

By Telegraph to The Times.

JOHNSTOWN (Pa.), June 4.—[By the Associated Press.] Up the ragged sides of Prospect Hill, the one to which several hundred terrified people fled to escape the flood, the Associated Press correspondent scrambled this afternoon. He came upon a pneumonia scourge which bids fair to do for a number of the escaped victims what the flood could not. Death has pursued them to their highest places, and terror will not die. Every little house on the hill—and there are a hundred or two of them—had thrown its doors open to receive the bruised and half-clad fugitives on the dark day of the deluge, and every one was now a crude hospital. Half the women who had scaled the heights were so overcome with fright that they have been bedridden ever since. There had been pneumonia on the hill, but only a few isolated cases. Today, however, several fresh cases developed among the flood fugitives, and a local physician who has been laid over the tops of desks, and on them the remains are placed. A corpse is dug from the bank; it is covered with mud; it is taken to the anteroom of the school, where it is placed under a hydrant and the muck and slime washed off; with a clash of a knife the clothes are ripped open, and the attendant searches the pockets for valuables or papers that would lead to identification. Four men then lift the corpse on a rude table, and there it is thoroughly washed and embalming fluid injected into the arm. Then, with other grim bodies, the corpse lies in the larger room until it is identified or becomes offensive. In the latter case it is hurried to a large grave that will hereafter have a monument over it bearing the words, "Unknown dead." The number of the latter is growing hourly, because pestilence stalks in Johnstown, and the bloated, disfigured masses of flesh cannot be held much longer. Bodies of stalwart workmen lie beside the remains of dainty ladies, many of whom are still decked with costly earrings and with jewels on their fingers.

PATHETIC INCIDENTS.

Rich and poor throng these quarters and gaze with awe-struck faces at the masses of mutilations, in the hope of recognizing a missing one, so as to accord the body decent burial. A wealthy young Philadelphian named Ogle recently became engaged to a Johnstown lady, Miss Carrie Diehl. They were to be wedded in the middle of June, and both parties were preparing for the ceremony. The lover heard of the terrible flood, but knowing that the residence of his dear one was up in the hills felt little fear for her safety. To make sure, however, he started for Johnstown, arriving today. Near the Fourth-street morgue he met Mr. Diehl.

"Thank God! you are safe," he exclaimed, and then added: "Is Carrie well?"

"She was visiting in the valley when the flood came," was the mournful reply.

Then he beckoned the young man to enter the chamber of death. A moment later Ogle was kneeling beside a rough bier and was kissing a cold white face. From the lifeless finger he slipped a thin gold ring and in its place put on his own. Then he stole quietly out—one of the thousands made to mourn by the bursting of the South Fork dam.

"Mamma, mamma," cried a child. She had recognized a body that no one else could, and in a moment the corpse was ticketed, boxed and delivered to laborers who bore it away to join the long funeral procession.

A mother recognized her baby boy. "Keep it a few minutes," she asked the undertaker in charge. In a few moments she returned, carrying in her arms a little white casket. Then she hired two men to bear it to the cemetery.

No hearses are seen in Johnstown. Relatives recognize their dead, secure coffins, get them carried the best way they can to morgues and then to the graveyards. A prayer, some tears, and a few more of the dead thousands are buried in mother earth.

A PITIFUL CASE.

A frequent visitor at these horrible places is David John Lewis. All over Johnstown he rides a powerful gray horse, and to each one he meets whom he knows he exclaims: "Have you seen my sisters?" Hardly waiting for a reply, he gallops away either to seek ingress to the morgue or to ride along the river bank. One week ago Lewis was worth $60,000, his all being invested in a large commission business. Today he owns the horse he rides, the clothes on his back, and that is all. In the fierce wave were buried five of his near relatives, his sisters Anna and Lizzie and Maggie. The latter was married, and her little boy and babe were also drowned.

The flood and fire claimed among its victims not only t[illegible] was found half burned in some charred wreckage down near the point. Inside was found the body of a man, shrouded for burial, but so scorched about the head and face as to be unrecognizable. The supposition is that the house in which the dead man had lain had been crushed and the débris partially consumed by fire.

WHAT ONE HERO DID.

I. H. Klein claims the distinction of being the only New Yorker in Johnstown who escaped the flood, and has the honor of having rescued or assisted to rescue 60 persons. His base of operations was the Merchants' Hotel, and his plan to lift persons from the windows of houses swimming by.

JUDGE SHAW REFUSES AN INJUNCTION TO SCHATTE,

And Goes Into Legal Details to Show Why the Plaintiff Is Not Entitled to Any Such Remedy—Good Law and Good Common Sense.

The First-street viaduct case was decided by Judge Shaw yesterday in Department No. 5 of the Superior Court. He refused to grant the injunction and the people of Boyle Heights are correspondingly happy, because work on the viaduct will now be resumed, and it will be pushed to completion as rapidly as possible.

The orders in the cases of Schatte vs. the city of Los Angeles and Bigelow vs. the city of Los Angeles were that the plaintiffs' applications for an injunction be denied, and the preliminary restraining order heretofore issued be vacated. Also that a motion for a stay of proceedings be denied. The attorneys for the plaintiffs stated that they would appeal the case to the Supreme Court, but in the meantime the bridge will be built. The decision rendered by Judge Shaw in this important matter is given in full as follows:

"In the Superior Court of the county of Los Angeles, State of California.

"Charles Schatte vs. city of Los Angeles, et al.

"This case is presented upon the hearing of an order for defendants to show cause why an injunction should not be issued restraining them from building a viaduct on First street in Los Angeles city. The Cable Railroad Company filed a complaint in intervention in opposition to the plaintiff. Both parties filed affidavits, which were read in connection with the pleadings on the hearing.

"From the complaint, answer and affidavits the following appear to me to be the facts:

"The plaintiff is the owner of a lot fronting 80 feet or more on the north side of First street, at the corner of First and Center streets.

"First street is 80 feet wide. The complaint does not in terms allege that the plaintiff owns the fee of the street, and the answer avers that the city owns the fee. The Santa Fé Railroad has three tracks crossing First street, the main track crossing a short distance east of the plaintiff's east line, and the other two between that point and the Los Angeles River, which is about 375 feet east of the plaintiff's lot.

"For the purpose of crossing these three tracks and the river by one bridge, the city is erecting the viaduct in question.

"It begins on the natural surface of the street at a point about 114 feet west of plaintiff's lot, and rises so that it is about twelve feet high at plaintiff's west line, and 20 feet high at his east line. It is 48 feet in width, and occupies practically all of the street, except a strip about 28 feet wide on the side next to the plaintiff's lot. In front of plaintiff's lot it is elevated so that teams may go under it, and the columns are far enough apart to allow vehicles to pass between them.

"There is room between the viaduct and the plaintiff's lot for ample means of access to the lot for all purposes for which it has been or is likely to be used, and for light and air to enter plaintiff's property in reasonable quantity.

"When the bridge is finished there [illegible] nor of passing along First street beyond the river bank except by means of the viaduct, and all travel across the river to or from the business portion of the city, except on foot, will be diverted from the former surface of the street in front of plaintiff's lot, and will be compelled to pass over the viaduct, so that persons crossing the river on horseback or in vehicles wishing to stop at plaintiff's premises will be compelled to turn at the entrance to the viaduct and travel three times along the space from there to plaintiff's premises.

"The prospect of this condition of affairs has caused plaintiff's tenants to quit the premises, and its continuance will materially reduce the rents and value of the property, chiefly from its being less desirable as a business location.

"The city, in making the change proposed in the bridge and street, is acting within its powers and according to the mode prescribed in the charter. At any rate, no illegality has been called to my attention nor charged in the complaint.

"No compensation to plaintiff for any damage he has suffered or may suffer by reason of this viaduct and bridge has been made, nor have any proceedings in condemnation to assess such damages been instituted. The city offers to pay the amount of damages fixed by an arbitration, which was set aside, but plaintiff refuses to take that amount.

"The plaintiffs ask that an injunction issue restraining the defendants from continuing the works until his damages are legally assessed and paid.

"The Constitution provides that 'Private property shall not be taken or damaged for public use without just compensation having been first made to, or paid into court for the owner.'—Article 1, section 14.

"It is well settled that where property is about to be taken for public use without compensation, an injunction may be issued on application of the owner, and the taking restrained until compensation is made. Most of the decisions on this question arose under constitutions which did not provide compensation for property not taken, but damaged.

"In a case of this kind where there is no direct and positive allegation that the plaintiff owns the fee in the street, and the defendant denies such ownership and avers ownership itself, it must be assumed that the fee is in the city, particularly of that part of the street on which the viaduct is situated.

"A fact alleged by inference only is not a sufficient basis for an injunction. High on Injunctions, section 25.

"There is, therefore, no taking of the plaintiff's property as the word is ordinarily used. If the plaintiff is entitled to any relief it is because his property is damaged.

"The question whether an injunction will be granted where property is not taken for public use, but is only damaged by a public use of adjoining property, is one of some difficulty and on which there is some conflict of authority.

"The general rule of equity is that where there is not an appropriation or destruction of property, but merely a damage to it, an injunction will not be granted unless the defendant is insolvent, or some other reason exists which would prevent a recovery in an ordinary action for damages. The reason of the rule is that the recovery of the damages will fully compensate the injury, and the remedy at law is said to be adequate. High on Injunctions, sections 459, 460, 485.

"It is not like the case of a nuisance made by private persons which is wrong in itself and cannot be made right by compensation. The public use is in itself lawful, and the only thing of which plaintiff can complain is the failure to make compensation.

"It is indeed contended by plaintiff that the city cannot condemn private property for a viaduct because such a public use is not provided for by section 1238 of the Code of Civil Procedure. But I think a viaduct is included in the term 'bridges' in subdivision 4, and also in the phrase 'all other public uses for the benefit of any city, which may be authorized by the Legislature.' And it is conceded that the power to make such an improvement is given by the charter, so that it must be held to be lawful.

"It seems reasonable, therefore, to conclude that, as the failure of the defendants to first ascertain and pay the damages is the only matter of which plaintiff can complain, and as the defendants are conceded to be solvent, the plaintiff can easily obtain his rights by an action for damages, and is not entitled to an injunction. The plaintiff in answer to this position insists that under the decisions in this State an action for damages will not lie against a municipal corporation, and cites the cases of Chope vs. City of Eureka, lately decided, and Winbigler vs. Los Angeles, 45 Cal., 37. This seems to be the rule so far as ordinary personal injuries are concerned. But in the case of Reardon vs. San Francisco (66 Cal., 492) it is directly decided that an action for consequential damage to property caused by an appropriation of adjoining property to a public use, will lie against a municipal corporation, because of the constitutional provision I am now considering. This objection, therefore, has no foundation.

"The following cases seem to hold that, where property is not taken, but suffers consequential damages only, the owner is confined to his action for damages and cannot have an injunction: Lorie vs. North Chicago Railway Company, 32 Fed. Rep., 270; Morris & Co. vs. Prudden, 20 N. J. Eq., 532; Zabriskie vs. Railroad Company, 13 N. J. Eq., 314; Osborne vs. M. P. Railway Company, 34 Fed. Rep., 84; Stetson vs. Railroad Company, 75 Ill., 74.

"The cases, however, are not satisfactory as precedents, because they are not based on a provision requiring the damages to be paid in advance, as our Constitution does.

"For this reason I prefer not to base the decision upon this point.

"The next question that arises is, whether the plaintiff has shown such an injury as will entitle him to an injunction until the damages are paid. In the case of Reardon vs. San Francisco, 66 Cal., on page 500, it is said that in the absence of a statutory or constitutional provision, a consequential damage caused by any lawful improvement of a street by a municipal corporation is not the subject of an action. And on page 506, in the same case, it is said that the provision of our State Constitution does not extend to such damage as the owner sustains in common with other abutters on the street, but only to that special injury which he receives over and above such common injury.

"The injury to a street which is personal and peculiar to the abutting lot-owner, and distinct and different from that of the general public, is the right to have free access over it to his lot and buildings substantially as if there had been no obstruction. Unless the means of access to his lot is cut off or materially interrupted his injury, while [illegible] more difficult and inconvenient. The public have the same difficulty and inconvenience in passing that the lot-owner has in coming and going to and from his lot.' This is in substance the rule on this subject laid down in the case of the L., B. and W. Railway Company vs Eberle, 11 N.E. Rep., 470, and it is the best statement of the principle that I have found. The following cases are substantially to the same effect, and some of them are even stronger against the plaintiff: San José Ranch Company vs. Brooks, 74 Cal., 464; Aram vs. Schallenberger, 41 Cal., 451.; Marine vs. Graham, 67 Cal., 131; Bigtry vs. Nunan, 53 Cal., 404; C. B. U. P. Railroad Company vs. A. U. Audrans, 21 Pac. R., 280; Chicago vs. Union Building Association, 102 Ill., 379; Crowley vs. Davis, 63 Cal., 461; Hogan vs. Central Pacific Railroad Company, 71 Cal., 85.

"The only injury which the plaintiff has pointed out in his complaint, or established on the hearing, is that arising from the diversion of travel, thereby making the property less valuable as a site for business. That all the travel, except that on foot, will be diverted from passing in front of plaintiff's lot cannot be doubted. But if such injury does occur I do not think it will entitle the plaintiff to any relief. He has no proprietary or vested right in the travel. It seeks its own route without his control, and it may be diverted without any compensation to him. The city has the exclusive right to locate its bridges where it will. The plaintiff has no right to have this one remain at First street. The diversion of travel is clearly not such a damage as the Constitution is intended to provide for. The plaintiff has no direct interest in the travel, such as a street railroad has. He can charge no toll. His benefit consists wholly in attracting travelers in passing and causing them to turn aside. A number of cases are cited for plaintiff in support of the proposition that loss of business by diversion of travel is such a special injury as will justify the recovery of damages. Upon examination I do not find them applicable to this case. They refer to that class of cases where a part of the property is taken, and where it is so situated as to interfere with the business carried on in the other part. They do not refer to a loss of custom.

"Aside from the prospective loss of business the plaintiffs do not specifically point out any cause of injury. 'Argumentative allegations or inferences from facts stated' are not sufficient.—High on Injunctions, section 35.

"It is charged that it prevents him from renting the premises because the tenants say the viaduct will interfere with their business. This is not an allegation that it will interfere with their business.

"It is also charged that the rental value will be reduced, and the building will be rendered useless for business purposes. No reason is given for this fact, but the manifest inference is that it will be because of the diversion of travel.

"It is said that the lot will be made worthless. This is also manifestly a deduction.

"The facts stated and established at the hearing do not sustain these allegations, except so far as the damage may be caused by the diversion of travel.

"There is a space from 16 to 18 feet wide between the viaduct and the sidewalk in front of plaintiff's lot. There will be no occasion for travelers to pass in vehicles in front of the lot, and it is clear that this space is ample for the use of plaintiff and his tenants.

"In the case of Hogan vs. C. P. R. R. Co., 71 Cal., 85, a railroad 35 feet from the plaintiff's lot was held not to be a special injury, though it obstructed the means of ingress and egress to and from the lot,

"In Bigley vs. Nunan, 53 Cal., 403, a fence cutting off one-half the street was held not to be a special injury to a lot on the opposite side of the street.

"In Morris Railroad vs. Prudden, 20 N.J., Eq., 532, a width of 29 feet next to the lot was held sufficient as a means of access to the lot.

"The case of Cohen vs. Cleveland, 43 Ohio St., 194, is cited by plaintiff as a case in point in his favor. The facts in the case are similar to the plaintiff's case, but the Court, in deciding it, does not make any distinction whatever between a special injury and an injury in common with the public. And a critical examination of the opinion, and of the authorities cited in support of it, cleafly shows that the only principle the Court intended to decide is that cities are liable in damages for the acts of their officers causing an injury, although the acts were done lawfully and without malice or negligence. And even this doctrine is admitted to be peculiar to Ohio. It is undoubtedly not the law in this State, except where the injury is special, and then only by virtue of the Constitution.

"The New York Elevated Railroad cases cited by plaintiff are based on the proposition that the use of a street for such a purpose was a burden not contemplated nor authorized by the original dedication, and different from its use as a street." Drucker vs. Manhattan Railway Company, 12 N. E. Rep., 569.

"This proposition is not true of the viaduct in question here. It is to be used as a part of the street. The doctrine of those cases as to what is a special injury, different in kind from the public injury, is contrary in most particulars to the rule in California.

"I do not think the plaintiff has shown such a special injury as would entitle him to damages under the Constitution, and that his application for an injunction should be denied.

"LUCIEN SHAW, Judge."

A BOYS' FIGHT,

In Which George Schuarer Was Badly Cut.

Yesterday morning a boy about 13 years of age, who said that his name was George Schuarer, came to the police station, saying that in a fight Saturday afternoon, at the corner of Tenth street and Santa Fé avenue, he had been seriously cut by a playmate somewhat younger than himself. The boy appeared to be suffering great pain, and Clerk Ullman, to whom he told his story, proceeded to investigate, when he found that the youngster was really hurt quite seriously, having two ugly cuts, one on the shoulder and the other in the back. Schuarer was then questioned at some length, when he said that a number of boys were at the place above mentioned, and when he came up they began to abuse him, calling him vile names, etc., and finally one of them struck him. He went toward the boy who struck the blow, a little chap named Fred Alshasky, aged about 11 years, when the latter pulled out a knife and cut him twice, after which he made his escape. He did not think he was seriously hurt until the wounds began to pain him, and for that reason he had made no complaint. Schuarer was taken back into the prison, when Dr. Morri[illegible] was sent for and dressed the [illegible] Justice Stanton swore to a complaint charging young Alshasky with attempt to murder. A warrant was issued, and the patrol wagon was sent out for Alshasky, who was found hard at work cleaning out a trench in Reed's orchard at the corner of Porter street and Santa Fé avenue. The boy did not seem to be at all worried when the officers told him that he was wanted, but only asked to be allowed to go home and get his shoes, he being barefooted at the time, which was granted, and he was brought to the station and locked up. Alshasky said that the boys in the neighborhood had been imposing on him, and that he had to cut Schuarer to save himself from a beating. During the afternoon the boy's mother and little sisters called to see him and had quite a talk with him. The case will come up for investigation before Justice Stanton today.

COLONIZATION.

A Company to Locate Eastern People.

The Chicago and California Colonization Company filed articles of incorporation yesterday, the incorporators and directors for the first year being Ralph E. Hoyt, Henry Harrison and A. B. Clapp of Los Angeles, W. D. Turner of Cucamonga, and Edwin A. Sherourne of Chicago. The capital stock of the corporation is $500,000, divided into 500 shares of the par value of $1000 each. Of this amount $5000 is subscribed by the incorporators. The business will be done on the coöperative plan, one person owning only one share of stock. The articles of incorporation provide for various kinds of enterprises, but the chief purpose of the company is to colonize home-seekers from the East and locate them on small farms in Southern California to the best possible advantage. The principal place of business is Los Angeles, but an office will be maintained in Chicago, from which Southern California home-seekers will be brought hither in large numbers, at low rates of transportation, and assisted in getting settled on homesteads previously purchased by them at minimum prices and on easy terms.

The officers of the Chicago and California Colonization Company are Ralph E. Hoyt, president; W. D. Turner, vice-president; Henry Harrison, secretary and treasurer. Mr. Hoyt was one of the originators of the California Cooperative Colony, organized two years ago, and which has been a marked success. He was its first and only president, but he now retires from that corporation to become the head of the new one. His associates are also men well qualified to push the colonization enterprise to success, and make it a medium of bringing very many permanent settlers into Los Angeles county.

A Holy Terror.

Mrs. Kingleback, the terror of Ohio street, has again come to the front. Sunday afternoon she went to the residence of her neighbor, Mrs. Foshia, with whom she had had trouble before, and raised a disturbance, abusing her in a shameful manner and threatening to kill her children if they ever came on her place. Monday afternoon Mrs. Foshia swore out a complaint against Mrs. Kingleback before Justice Stanton, who issued a warrant for her arrest on a charge of disturbing the peace, on which she was arrested by Officer Wright. She was released on depositing $25 cash bail.

BAR ASSOCIATION.

A NEW SET OF OFFICERS AND COMMITTEES CHOSEN.

Preliminary Talk About a Recommendation for Justice of the Supreme Court — An Adjourned Meeting Next Saturday to Consider the Matter More Fully.

A largely-attended meeting of the Bar Association was held in the Law library yesterday afternoon at 4 o'clock for the election of officers for the ensuing year, and to discuss the matter of filling the vacancy on the Supreme bench, and, if possible, to suggest a candidate for the position. After the usual preliminary business, the following officers were elected for the coming year: President, A. M. Stephens; senior vice-president, John D. Bicknell; junior vice-president, Anson Brunson; treasurer, R. N. Bulla; recording secretary, J. A. Anderson, Jr.; corresponding secretary, C. W. Pendleton; trustees, R. H. F. Variel, H. T. Lee, J. A. Anderson, Sr., F. H. Howard, Stephen M. White.

The following committee was appointed:

On Admission—J. A. Graves, W. F. Fitzgerald, G. H. Smith, H. A. Barclay, J. Brousseau, F. H. Howard and B. W. Lee.

The following standing committees were also reappointed:

On Amendments of the Law—Stephen M. White, W. P. Wade, J. H. Shanklin, J. S. Chapman and J. M. Damron.

On Judiciary—A. Campbell, J. A. Anderson, Sr., G. H. Smith, W. Van Dyke and A. Brunson.

On Grievances—W. F. Fitzgerald, J. D. Bicknell, J. A. Graves, John Haynes and G. J. Denis.

On Legal Education—Lucien Shaw, F. H. Howard, J. R. Scott, B. W. Lee and S. Minor.

On Invitation and Reception—G. Wiley Wells, G. S. Patten, S. C. Ward, J. D. Bethune and R. F. del Valle.

There was considerable discussion over the Supreme Court vacancy, and several gentlemen were mentioned as suitable for the position, among them Judges Hunt and Van Dyke, but no recommendations were made, and the matter went over until 9:30 o'clock Saturday morning, when there will be a special meeting in Judge Shaw's courtroom.

The matter of official reporters' fees came up, and, after a brief discussion, was referred to the Committee on Grievances.

Judges Wade and Van Dyke asked to be excused from committee work, on the ground that their time was fully taken up by their official duties, and the request was granted, as was also that of Judge G. H. Smith, who stated that he was interested in the Bar Building Association, and expected to have business relations with the trustees of the organization, and for that reason did not wish to take part as a member of any committee.

The treasurer presented his report, showing that the association is in a healthy financial condition, after which the meeting adjourned to assemble in Judge Shaw's courtroom Saturday morning.

CLARA HUFF.

She Takes Lodging in the City Jail.

Clara Huff, the 15-year-old girl who has been leading a life of shame in the White House, at the [illegible] Los Angeles and Com[illegible] where she was visited principally by the district messengers [illegible], an account of which appeared in The TIMES Sunday morning, was brought to the police station Monday night by Humane Officer Wright and locked up. The girl came of her own accord; in fact, she called at the station twice during the day to give herself up, and said that she expected to be sent to the Reform School and was glad of it. All she asked was not to be sent to the County Jail, but to be tried as soon as possible and sent north. She is very bitter against the clerk at the White House, a young fellow named Sam Moore, who, she says, took her to the place and encouraged her in her evil practices. Moore denies this, however, so far as any inducement or encouragement being held out to her is concerned. Her case will probably come up before Justice Stanton today, when some disposition will be made of the girl.

Clara was yesterday afternoon brought before Justice Stanton, where she pleaded guilty to the charge of being a vagrant and common prostitute, despite the efforts of one or two police lawyers to make a case out of it. Humane Officer Wright was the only witness introduced, and tried to give his evidence for the purpose of showing up the young man Moore and others, who were implicated in the young girl's down

FOR THE SUFFERERS.

THE COMMITTEE ORGANIZED AND AT WORK.

The Hebrew Benevolent Society Telegraphs $1000—Contributions from Banks, Firms and Individuals—The Good Work Well Under Way.

The committee appointed by the Council Monday to raise funds for the relief of the sufferers by the great Johnstown disaster met in the Council chamber yesterday morning, and proceeded to effect an organization by the election of Col. I. R. Dunkelberger chairman, Dr. MacGowan secretary and H. C. Witmer treasurer. Col. Dunkelberger explained the purposes for which the committee was appointed, and proposed to send a carload of California products to Philadelphia, there to be sold and the proceeds donated to the sufferers.

This proposition was discussed at some length, when ex-Mayor Workman suggested that, while the proposition was a good one, it would take too much time, and for this reason he favored taking steps to at once raise $1000, and telegraph the amount as soon as collected.

This suggestion was adopted by the committee, and it was decided to delegate each bank and newspaper office in the city to receive subscriptions.

Prof. Glick also addressed the committee, saying that the ministers of the city wished to aid in the good work and would take up collections in their churches for the fund.

It was then suggested that it was best to at once begin work, and the committee was about to adjourn when a stranger stepped up to the secretary and handed over $20, but refused to give his name. The committee then adjourned, and subscription lists were distributed among the various banks and newspaper offices.

The committee will meet again at 9:30 a.m. today.

A BIG DONATION.

The Hebrew Benevolent Society held a meeting yesterday and appropriated $1000 for the relief of the sufferers, passing the following resolution:

WHEREAS, the Hebrews of the southern part of the State of California have always been foremost in works of charity and deeds of sympathetic kindness and generosity; and

WHEREAS, our attention has been called to the calamity that has fallen on a sister State; therefore it was

Resolved, that actions speak louder than words; that assistance in this time of affliction is urgent; therefore, the secretary is hereby instructed to telegraph at once to His Excellency, J. A. Beaver, at Harrisburg, Pa., $1000 for relief of the sufferers.

Resolved, that the Hebrew Benevolent Society deeply sympathizes with you, and to the fullest extent in the awful disaster that has visited your people.

B. COHN, Secretary.

The money was sent by telegraph at once, receipt of which has been acknowledged.

OTHER CONTRIBUTIONS.

Liberal contributions began to come in as soon as the lists were ready for signatures, among which were the following: Los Angeles County Bank, $100; First National Bank, $100; California Bank, $100; J. M. Griffith & Co. and employés, $175; Kaspar Cohn & Co., $100; Farmers and Merchants' Bank, $50; Frank Walker, $10; graduate of Pennsylvania Military Academy, Griffith, $20; stranger, $1.

There were numerous smaller contributions, but the total amount could not be learned last night. A meeting of the committee will be held this morning, at which a report of collections up to date will be made.

Crowley & Baker, the proprietors of the Hollenbeck, also started a subscription at their hotel with good results. Last night a raffle was held at the hotel for a handsome gold-headed umbrella and silk hat, donated by Desmond the Hatter, which netted $110, and some fine handkerchiefs, suspenders, etc., donated by Evan E. Evans brought $50 more. Large placards have also been put in the windows stating that subscriptions will be received, and inviting all to contribute.

The Western Union Telegraph Company has tendered to all organized bodies and committees the free use of its lines for the transmission of contributions to the relief fund, which privilege will also be extended to all banks desiring to send money for relief purposes to their eastern correspondents.

The Illinois Association is preparing to give a grand entertainment next Saturday evening for the benefit of the sufferers by the Johnstown calamity. The proprietors of Turner Hall have tendered the use of that place for the occasion at a merely nominal price. The entire proceeds will be given to the flood sufferers' fund. A splendid programme is being prepared, and the price of admission will be low enough to insure a crowded house. Full particulars will be announced later in the week.

A concert for the benefit of the sufferers will be given at Hazard's Pavilion next Saturday night. J. H. Brenner is organizing the musical part of it. All of the members of the Ellis Club volunteered, including Mr. Burton, conductor, and Miss Virginia Bereman, accompanist.

Mayor Hazard has tendered the use of the Pavilion free of charge. Any societies or singers willing to take part in the concert are requested to send their names to Mr. Brenner, No. 11 North Spring street.

The Union League at its monthly meeting last night raised $200 for the relief of the Johnstown sufferers, and appointed the following committee to solicit subscriptions this morning from members of the league only: Thomas A. Lewis, Dr. MacGowan, P. Donegan, Thomas A. Cook, C. A. Luckenbach, C. Hedges and Sutherland Hutton. The money will be forwarded as fast as collected.

G. J. Griffith called at the business office of THE TIMES yesterday and left $25 for the Johnstown sufferers. A stranger also left $1. It will be handed to the proper committee.

THE TIMES will be pleased to receive any sums for this worthy object.

BOYLE HEIGHTS.

Judge Shaw's Decision Highly Commended.

A large and enthusiastic meeting of the Board of Trade of Boyle Heights was held at George Cummings's store, on First street, last night, to celebrate the raising of the injunction against the First-street viaduct, and to consider other matters of importance to the people of the Heights. Between three and four hundred people were present, and the best of feeling prevailed. Fred Teele presided, and J. W. Drown officiated as secretary.

The following resolution was adopted by a unanimous vote, amid great applause:

The people of Boyle Heights, in mass meeting assembled, do hereby resolve that, as a people, we do most heartily commend and approve the first, righteous and logical decision of Judge Lucien Shaw, our distinguished Judge of the Superior Court, in the matter of the injunction against the First-street viaduct, and we condemn in unmeasured terms the unfounded litigation that has so long delayed the most necessary and beneficial improvement.

A committee of three, consisting of Messrs. Campbell, E. H. Workman and Cleveland, was appointed to wait on the Police Commissioners and urge upon them the justice of appointing representatives of the Ninth Ward on the police force.

A committee of three was also appointed to call on the Board of Education and see that the proposed school buildings were located on the most convenient and eligible sites.

The sewerage question was discussed at some length, in which it developed that the people of Boyle Heights were decidedly in favor of the proposed system, and would vote the necessary bonds.

A vote of thanks was tendered ex-Mayor W. H. Workman and Mrs. Hollenbeck for their liberal donation of three-quarters of a mile of street.

A committee of three was appointed to act in conjunction with a similar committee from the East Side Board of Trade to secure the construction of a grand boulevard from East Los Angeles to Sixth street, to pass by the Wolfskill depot, and also to try and induce the cable railroad company to put a line on the same.

After the adjournment of the meeting the crowd repaired to the residence of ex-Mayor Workman, on Boyle avenue, where all were made welcome, and a general good time was had over the successful issue of the injunction proceedings, by which First street will be opened up and a new era of prosperity for the Heights inaugurated.

A LIBELOUS CARD

That Got Old Man Wallach Into Trouble.

The sending of postal cards containing libelous matter through the mails is quite a serious thing to the sender. A case of this kind was before United States Commissioner Van Dyke yesterday. D. Wallach of San Diego, an old gentlemen, was arrested for sending a postal addressed to Louis Abrams, 215 West Canton street, Boston, which contained the following pertinent request:

"Had a letter from your father-in-law in New Orleans that your son Arthur, the thief who stole $2000 from me, must pay back the money. You should try to pay me back what your tug son stole from me.

"D. WALLACH."

The old gentleman admitted the writing of the card and others of a similar tenor, and was held to answer to the Grand Jury, his bond being fixed at $500, which he gave. He says that Arthur Abrams had arranged to go into the jewelry business with him. He gave Abrams $2000 with which to go east and buy a stock of goods, and says that there were "no flies on him," because he spent it all in Chicago gambling, then wrote to him for more. Louis Abrams, father of Arthur, would not refund the money and Wallach began to write postal cards.

MRS. BIGELOW'S TROUBLES.

Sued for Damages in "Nigger Alley."

Mrs. L. M. Bigelow was in Justice Savage's court yesterday afternoon. The case was Ballerino vs. Bigelow, and is a suit for $200 damages. It was brought by Mr. Ballerino for damage done to his property on "Nigger" alley. Mrs. Bigelow caused a fence and some hay to be removed to make room for the foundation of a building she proposes to build there. Ballerino claims that she had no right to forcibly enter upon his property and take the fence and hay away. Mrs. Bigelow claims that she owns a strip of land between "Nigger" alley and Ballerino's property, and that she had a perfect right to occupy her own land.

The case involves some intricate questions of law. Testimony was taken yesterday and the arguments will be made today. The plaintiff was represented by Horace Bell and Judge Allen and the defendant by G. Wiley Wells.

NARROW STREETS.

Some Interesting Information from San Francisco.

As a good deal has been said about some of the narrow streets of Los Angeles, Julius Lyons, Esq., of this city, was impelled to write to San Francisco for data as to some of the busiest thoroughfares of that city, and his inquiry elicits the following information from Thomas Ashworth, Superintendent of Streets:

Street.	Total width.	Roadway, curb to curb.	Sidewalks.
Kearney	75	39	18
Montgomery	62 5-12	32 5-12	15
Geary, Sutter, Polk	68 9-12	38 9-12	15

Didn't Believe He Was Gage.

A rather funny incident occurred in the jail yesterday. Dick See, the Duncan murderer, sent for Henry T. Gage, Esq., with a view to retaining that gentleman for his defense. He had never seen Mr. Gage, and when that gentleman put in an appearance he was so different from what See expected, so different from the orthodox lawyer, that he at first refused to talk to him, thinking that he was a detective trying to pump him, and it required the united efforts of Jailer Darcy and the other officers to convince See that the modest, unassuming gentleman was the criminal lawyer whose fame had extended to the wilds of Washington Territory, where he had first heard of him.

An Opium-joint Keeper.

Billy Rowe, the keeper of the opium joint, arrested a short time ago, and discharged on the statement of his attorney that his case was not covered by the law, was rearrested yesterday, and will have to stand a trial. The evidence is dead against him, and he will probably be convicted.

MORTUARY REPORT.

The Death Rate Considerably Increased.

Health Officer MacGowan has issued his report for the month of May, from which it appears that the total number of deaths for the month was 87, which, on a basis of 80,000 population, is an annual rate of 13.05 per 1000 of the total number; 22 under 1 year of age, 2 between 1 and 2 years, 5 between 2 and 5 years, 6 between 5 and 10 years, 4 between 10 and 20 years, 26 between 20 and 45 years, 15 from 45 to 65 years, and 7 were 65 and over. The mortality was almost evenly divided between males and females, there being 45 of the former and 42 of the latter, the nativity being as follows: Los Angeles, 35; Pacific Coast, 5; Atlantic States, 17; foreign born, 29, and the races as follows: Caucasian, 80; African, 4; Mongol, 3.

The total number of births during the month were 64, all white, of whom 35 were males and 29 females. There were also 8 stillbirths, all white, of whom 3 were males and 5 females.

The meteorological summary, as prepared by the United States Signal Office in this city, is as follows:

Mean barometer, 29.97; highest barometer, 30.10, date 25th; lowest barometer, 29.86, date 8th.

Mean temperature, 59°; highest temperature, 94°, date 19th; lowest temperature, 46°, date 6th; greatest daily range of temperature, 35°; least daily range of temperature, 13°; mean daily range of temperature, 22°.

Fine Wheat.

A correspondent writes from Workman Ranch as follows: "This morning I was out on J. N. Van Nuy's ranch, in the San Fernando Valley, looking over his 6000-acre field of fine wheat, and they tell me that this wheat was sowed the 20th day of January. As it beats any I ever saw from that valley, I send you sample." The sample embraces 16 heads that range in length from four to six inches, and are crowded full of plump grains. It is certainly a prize product.

PIMPLES TO SCROFULA.

A Positive Cure for every Skin, Scalp, and Blood Disease, except Ichthyosis.

Psoriasis 8 years. Head, arms, and breast a solid scab. Back covered with sores. Best doctors and medicines fail. Cured by Cuticura Remedies at a cost of $3.75.

I have used the CUTICURA REMEDIES with the best results. I used two bottles of the CUTICURA RESOLVENT, three boxes of CUTICURA, and one cake of CUTICURA SOAP, and am cured of a terrible skin and scalp disease of eight years' standing. For eight years it would get better and worse at times. Sometimes my head would be a solid scab, and was at the time I began the use of the CUTICURA REMEDIES. My arms were covered with scabs from my elbows to shoulders, my breast was almost one solid scab, and my back covered with sores varying in size from a penny to a dollar. I had doctored with all the best doctors with no relief, and used many different medicines without effect. My case was hereditary, and I began to think incurable, but it began to heal from the first application of CUTICURA. ARCHER RUSSELL, Deshler, Ohio.

Skin Disease 6 Years Cured.

I am thankful to say that I have used the CUTICURA REMEDIES for about eight months with great success, and consider myself entirely cured of salt rheum, from which I have suffered for six years. I tried a number of medicines and two of the best doctors in the country, but found nothing that would effect a cure until I used your remedies. MRS. A. MCLAFLIN, Morette, Mo.

The Worst Case of Scrofula Cured.

We have been selling your CUTICURA REMEDIES for years, and have the first complaint yet to receive from a purchaser. One of the worst cases of Scrofula I ever saw was cured by the use of five bottles of CUTICURA RESOLVENT, CUTICURA, and CUTICURA SOAP. TAYLOR & TAYLOR, Druggists, Frankfort, Kan.

Cuticura Remedies

Cure every species of agonizing, humiliating, itching, burning, scaly, and pimply diseases of the skin, scalp, and blood, with loss of hair, from pimples to scrofula, except possibly ichthyosis.

Sold everywhere. Price, CUTICURA, 50c; SOAP, 25c; RESOLVENT, $1. Prepared by the POTTER DRUG AND CHEMICAL CORPORATION, Boston.

Send for "How to Cure Skin Diseases," 64 pages, 50 illustrations, and 100 testimonials.

PIMPLES, black-heads, red, rough, chapped and oily skin prevented by CUTICURA SOAP.

SANFORD'S RADICAL CURE FOR CATARRH.

Complete External and Internal Treatment for One Dollar.

To be freed from the dangers of suffocation while lying down; to breathe freely, sleep soundly and undisturbed; to rise refreshed, head clear, brain active and free from pain or ache; to know that no poisonous, putrid matter defiles the breath and rots away the delicate machinery of smell, taste, and hearing; to feel that the system does not, through its veins and arteries, suck up the poison that is sure to undermine and destroy, is indeed a blessing beyond most human enjoyments. To purchase immunity from such a fate should be the object of all afflicted. But those who have tried many remedies and physicians despair of relief or cure.

SANFORD'S RADICAL CURE meets every phase of Catarrh, from a simple head cold to the most loathsome and destructive stages. It is local and constitutional. Instant in relieving, permanent in curing, safe, economical, and rarely failing.

Sanford's Radical Cure

Consists of one bottle of the RADICAL CURE, one box of CATARRHAL SOLVENT, and one IMPROVED INHALER, all wrapped in one package, with treatise and directions, and sold by all druggists for $1.00. POTTER DRUG AND CHEMICAL CORPORATION, Boston.

FREE from RHEUMATISM.

In one minute the Cuticura Anti-Pain Plaster relieves rheumatic, sciatic, hip, kidney, chest and muscular pains and weaknesses. The first and only pain-killing plaster.

GEN. VANDEVER is at San Diego, where he was interviewed by the Union. He said he had not yet recommended anyone for postmaster or collector at that place, and promised to do his best next session to have San Diego made a port of entry.

IF the statement is true, that a watchman on the Conemaugh reservoir had warned the owners several times that it was unsafe, and had finally been told to keep quiet or he would be discharged, then there is an awful responsibility resting somewhere for the disaster.

As will be seen from our special dispatch, the new county of Orange seems to have been decided on by a very large majority. Santa Ana is rejoicing immensely over the result, but after the jollification the bill will come in for payment, when the citizens of that ambitious little city will have a chance to view the question from the other side.

AN Ohio paper gives a retiring member of its staff the following pleasant notice:

Jesse Allen, former local editor of this paper, has accepted a position as off-bearer on a saw mill at New Plymouth. Jesse is well fitted for the position, and we wish him unbounded success.

The journal does not state that the move was a promotion, but it seems to imply that such was the case.

IT is the opinion of the City Council that Chinatown, west of Alameda street, is a nuisance. No one who possesses his five senses unimpaired will doubt the correctness of this view. But isn't Chinatown east of Alameda street also a nuisance? It certainly stinks a good deal more than the other half. The difference we presume to consist in the fact that the olfactory organs offended by the aroma of west Chinatown belong to persons who pay much heavier taxes than do those on the other side.

A PAPER called the Southern California Informant, published at San Diego, has the assurance to say of "the Los Angeles press" that they "now bow to the inevitable and acknowledge that San Diego is and will be for all time the commercial and shipping head-center for the entire great Southwest." Plans and specifications are in order. When? Where? How? Because Los Angeles journals speak kindly of San Diego's progress, it is not to be inferred or claimed that they give this city away completely in the matter of discounting the future, as the above would imply. The Informant needs information.

THE wearisome and sickening search for the remains of the unfortunates overwhelmed in the Johnstown flood still continues, and is unfortunately all too fruitful in results. The highest estimates hitherto made of the losses of life appear to have been too conservative, while the financial loss can scarcely be estimated. Not the least serious phase of the affair is the throwing out of work of thousands of people, who depended for a living on their daily earnings. Relief is coming forward handsomely from all parts; not only from this country, but from Europe. Los Angeles cannot afford to be behindhand in this matter. It is true that times are not flush with us, just now, but we can give according to our means. Ten cents for every soul in Los Angeles county would amount to some $15,000, which would be quite a respectable sum for one county to send. Some amounts have been sent in to THE TIMES, which will be accounted for, as well as any others that may be forwarded to us.

THE SEWER QUESTION.

The Council having now read and passed the ordinance for the construction of a sewer system, no unnecessary time should be expected in providing the ways and means to carry out the work.

The amount named in the ordinance is, for the outfall, $440,000, and for the intercepting and storm drains, $840,000; together, $1,280,000. This is a large sum of money, especially under present circumstances, but we cannot afford not to spend it, and it will be returned to us in many ways, directly and indirectly; firstly, in money expended for labor in our midst, and then in receipts from families who object to reside or tarry in a city which has no adequate sewer system.

It would certainly have been better could the sewer have been run through the dry lands of the Centinela ranch, which need irrigation, but that, apparently, is impracticable, owing to the subdivision of that ranch and consequent difficulties that would be thrown around the right of way.

Great care should be exercised to see that the road is clear before work is commenced. After once the route is decided on, and cannot be changed, an obstinate owner of forty acres might block the whole business for months, or even longer, by demanding unreasonable damages.

There is little doubt about the voting of the bonds. Property-owners generally concede the urgent necessity of the improvement, while non-property-holding voters have of course everything to gain and nothing to lose by the undertaking, and may be relied upon to vote yes. The most frequently-raised objection that we have heard to the issue of the bonds is the intrusting of the disbursement of so large a sum of money to a body which many people believe to be honest, but which has not hitherto given proofs of the possession of more than a very moderate amount of business ability.

This is how the matter stands today: Should, perchance, the issue of bonds be voted down, it will not be because the voters do not fully realize the necessity of a sewer system, but because they hesitate about intrusting its construction to the present Council. It remains for that body to strive to inspire public confidence in its ability and integrity, to the end that so great a detriment as the defeat of the bonds may not come to the city.

All contracts for the work, or for any portion of it, should be so surrounded with safeguards as to secure the perfect protection of the city, which too often suffers from the default or dishonesty of irresponsible contractors working under loosely and ignorantly drawn contracts.

THE CHINESE IN LOWER CALIFORNIA.

The impression seems to be gaining ground that there was more than considerable foundation for the alarm which THE TIMES sounded, a couple of months ago, when the question of selling the Massac concession to the Chinese Six Companies first came up. It is stated that already a large amount of smuggling of Chinamen is going on across the Lower California line, and the Chinese population of San Diego is rapidly increasing. Once let the Six Companies begin to run their steamer loads of Celestials into Ensenada, and the rivulet will increase to a flood, of which Los Angeles will get the full benefit. The United States authorities should take warning and be on the alert. There is big money in smuggling Chinamen into the United States at present, and there will never be any lack of people in this country to go into any business, legal or illegal, that offers an opening for the rapid acquirement of wealth.

The talk about the Chinese Companies intending to ship Chinamen from California into Mexico is all nonsense, and should deceive no one. It is highly improbable that Chinamen will be leaving the United States at present, when Chinese labor is rapidly rising in value; when thousands are anxious to enter, and when they would lose their right to return, and all this perhaps for what might prove to be merely a temporary job. Such a yarn as that is altogether too attenuated.

FIRST STREET.

It is a relief to learn that the injunction against the building of the First-street viaduct has been dissolved by the court, and that the property-holders affected will attempt no further obstruction of work. It will be a still greater relief to see work being actively pushed on this much-needed improvement. The time granted the bridge company for the completion of the work has long expired. It is hinted that the injunction proceedings have been rather a relief than otherwise to the company—that it is not even now ready to push work actively. We trust this is not the case. If it is, the Council should step in and push matters forward with a very long and sharp stick.

Not only the building of the bridge, but the widening and paving of the street, should be attended to at once, so that the next rainy season may not find the street in the same deplorable condition as hitherto. A street which is the main thoroughfare from east to west, and the direct route from the Santa Fé depot to the business center, should not be so long neglected. The Council has been very dilatory and negligent in this matter. That body ought now to make up for lost time, and take the work in hand.

IS IT A POLITICAL SCHEME?

The Irishmen of King's county, New York State, are up in arms against the British syndicate that is buying up American breweries. They propose to boycott all saloon-keepers who purchase beer from any of the breweries lately bought by the combination of English capitalists. These Hibernians assert, in a resolution, that this transaction is not "an honest investment of fresh capital, but a tricksome exchange of securities, which forms the entering wedge of British aggression, and aims at the ultimate and exclusive domination of American industries, which will leave the output of our development in the hands and at the mercy of the English monopolist."

It is probable that our Irish fellow-citizens attach too much importance to these British investments in American breweries. As is well known, almost any move on the part of a hated Britisher is enough to place the belligerent sons of Erin in a position similar to that assumed by a bull when he sees a red rag. We do not believe that these foreign investors in American breweries have any further object than to rake in a copious amount of American shekels. At the same time, it is a fact which it may be as well not to lose sight of that he who controls the saloon-keeper controls a very large sphere in American politics. Saloon-keepers have almost as much to say in an election in this country as the lessees of public houses do in England. There is no doubt that a brewers' syndicate, holding a mortgage on a large number of saloons, could, if it desired, make its influence felt at election time.

FROM time to time complaints have been made by Pennsylvania miners of the Hungarians, who have been so largely imported to labor in the mines of that section. These men work for a pittance, live like animals, and are apparently no more desirable an acquisition to the ranks of our population than are the Chinese. During the past few days these men have been showing their true character, by outraging the corpses of those killed in the great flood, not hesitating to cut off fingers to attain their unholy object of plunder. Several of them have been promptly and justly killed, red-handed, by the outraged citizens. Such work as this affords a glimpse of the great danger to the country, should such inhuman monsters ever obtain a balance of power in any section. It is this class of men who recruit the ranks of the bomb-throwing Anarchists. There is great need for an immediate revision of our immigration laws.

J. MARYANN BROOKS says that he will carry his injunction of the sewer bonds through to the Supreme Court, "THE TIMES to the contrary notwithstanding." We have no doubt that J. Maryann may succeed in carrying his injunction to the Supreme Court—it doesn't take a very smart man to do that—but the question for him to consider is: Who will carry Maryann, if the people wipe the asphaltum with him, and cast him into outer darkness?

ONE of the most effective editorials on the Pennsylvania calamity that we have read is that of the San Bernardino Courier of yesterday, written by Editor Arthur Kearney. It is strong, graphic, full of genuine feeling, and touching.

AMUSEMENTS.

MATTIE VICKERS.—The Mattie Vickers Comaany passed through the city yesterday en route to Anaheim, where they will play a brief engagement, and, returning, will open at the Los Angeles Theater next Monday evening.

UNION LEAGUE.

A Series of Monthly Meetings Inaugurated.

Last night the Union League had a very pleasant monthly meeting at the rooms on First street. A collation was served, and there were quite a number of short speeches. The invocation with which the collation began was by John Morton, and was as follows:

"Most powerful Bacchus, hear us. Prepare our stomachs and let our tongues give forth their accumulation of wit and jollity. Keep us from all desire to be Police Commissioners, and at all 'Hazard' keep our heads clear and save us from the hard 'Knox' that are given by the 'Dexter-ous' hands of those who would throw us into the soup that 'Burns' us up."

There were speeches by Mayor Hazard, Judge Carpenter, Messrs. Haynes, Lindley, Dexter, and others.

It is the purpose of the league to have similar occasions during the summer, once a month.

Mashed His Fingers.

Joe Mesmer, the proprietor of the New United States Hotel, met with an accident yesterday that cost him the tips of two of his fingers. Mr. Mesmer had a steam engine in the yard back of the hotel, which he was having moved, and while assisting in the work he accidently placed his hand in the cogs, when they were moved slightly, taking off the tips of the second and third fingers. The damage was comparatively slight, but the pain was great, and the old man made the atmosphere blue for a while, as he pranced about the yard "cussing" in half a dozen languages.

The New Cable.

The new cable was in operation again last night, from 11 o'clock until an early hour this morning, and several round trips were made by a train and a detached dummy. Everything worked satisfactory. Manager Robinson has arranged to have the road opened formally next Saturday at 1 p.m., when all the rolling stock of this branch, numbering 10 trains will be started out simultaneously.

An Election at Guthrie.

GUTHRIE (Oklahoma), June 4.—The first election by ballot occurred today. The nominees for Mayor were D. B. Dyer and A. B. Alexander. The election was warmly contested. The city is divided into five wards for registration, and the total number of voters registered was 2346. It is generally conceded that ex-Indian Agent Dyer has carried the day by from 300 to 500 majority.

cemetery. Fortunately for them there were few people around or they would undoubtedly have been strung up. As it was they were taken in charge by a file of soldiers and locked up in a box car.

Petty thieving is constantly going on, but by tomorrow a thorough military patrol will prevent this in a great measure.

SCENES OF HORROR.

JOHNSTOWN ONE VAST CHARNEL-HOUSE.

Dynamite Used to Blow Up the Ruins and Their Contents of Mangled Humanity — The Death List Growing.

By Telegraph to The Times.

JOHNSTOWN (Pa.), June 4.—[By the Associated Press.] Four days have elapsed since the Angel of Death swept down the valley of Conemaugh, but no ray of sunshine has yet lightened the scene of horror at Johnstown bridge. The sky is overcast with heavy clouds, and the sun rests behind a menacing pall as though reluctant to view the handiwork of the potent elements. For thirty-six hours the fire engines played upon the smoking ruins above the bridge, but the flames break out afresh at frequent intervals to defy the subduing force of water. Nearly 2000 men are employed in different parts of the valley clearing up the ruins and prosecuting the search for the undiscovered dead. Investigations are not without fruitful results, for the bodies of victims of the flood and fire are discovered with undiminished frequency. It becomes hourly more and more apparent that not a single vestige will ever be recognized of hundreds roasted in the flames above the bridge.

Since the last sentence was penned a party of searchers unearthed a charred, unsightly mass from the smouldering débris, within 30 yards of the Associated Press headquarters. It required the authoritative verdict of a physician to demonstrate that the ghastly discovery was the charred remains of a human being. Only the trunk remained, roasted beyond all semblance to flesh. Five minutes' work revealed fragments of a skull that at once disintegrated of its own weight when exposed to the air, no single piece being larger than half a dollar, and the whole resembling remnants of shattered charcoal.

Within the last hour half a dozen discoveries in no way less horrifying have been made by the searchers. As they rake with picks and hooks in the smoking ruins, so difficult is it at times to determine whether the remains are those of human beings that it is apparent that hundreds must be fairly burned to ashes. Thus the number that have found their last resting place beneath these ruins cannot at best be more than approximated.

A FEARFUL PICTURE.

Before the windows of the Associated Press headquarters lies the great skeleton of dead Johnstown. Great ribs of rocky sand stretch across a chest scarred and covered with abrasions. Acres of mud, acres of wreckage, acres of unsteady, tottering buildings, acres of unknown dead, acres of ghastly objects which have been eagerly sought for since Friday, acres of smoking, steaming ruins, lie out there in the sunshine. It is awful to think of the hundreds of bodies lying along the river bank and under the piles of big timbers, and trouble will come from these, because they are hard to find, and harder to dig out. In the center of the river, on the extreme edge of the mass which rests against the bridge, the Pittsburgh firemen have a stream playing on the wreckage. There are literally in the middle of the river putting out the fire. Bonfires are burning everywhere. Fire is the agent employed to help the committee get rid of refuse and broken wood. By means of fire the Cambria Iron Company [illegible] bers, and will also be at work on the heavier piles.

The completion of a temporary track and bridge which [illegible] its the passage of trains over the river [illegible] been a blessing, for it allowed men to work much faster than before and get tools and material closer at hand.

A DAY OF BURIAL.

This was the day set apart by the citizens' committee for burying the unidentified dead that have been lying in the morgues since Sunday. The men in charge of the burying have been busy all day. There were no pathetic scenes at these burials. The men hired to do the work seem to do it just as a matter of business, the bodies being interred in the cemetery nearest the place where they were found.

About noon a procession of 50 coffined bodies was seen going up the hill above the railroad. Not a mourner was present, and the sight was ghastly to behold. It will take several days to bury the bodies now in the different graveyards, as there were no new graves dug until this morning, and there were no implements to dig them with. A large detachment of men arrived from Pittsburgh this morning, and were put to work digging graves. Altogether about 300 bodies were interred.

DYNAMITE BEING USED.

The burned wreckage against the bridge is being dynamited to allow the water to pass in the main channel. Many skeletons and fragments of bodies were found. The opening of this channel will take the overflow from the lower part of Johnstown proper.

Moxham, the iron manufacturer and Mayor pro tem. of Johnstown, is today probably the busiest man in the United States. Although for days without sleep he sticks nobly to his task. Hundreds of others are like him. Men fall to the earth from sheer fatigue. There are many who have not closed their eyes in sleep since they awoke Friday morning. They are hollow-eyed and pitiful-looking. Many lost near relatives, all friends. Men and horses are most needed today.

Some of the unfortunate who could not go to the relief train endeavored to obtain flour from the wrecked stores in Johnstown. One dealer was charging $5 a sack for flour. Suddenly the crowd heard of the occurrence, and several desperate men went to the store and doled out flour gratuitously to the homeless and stricken army. Another dealer was selling flour at $1.50 a sack. He refused to give any away, guarding his store with a shotgun.

MORE CORPSES PLUNDERED.

Bodies recovered in Johnstown today have been robbed by ghouls that flock to the scene. It is known that one lady had several hundred dollars in her possession just before the disaster, but when the body was recovered not a cent was in her pocket.

Huns attacked the supply wagon between Morrellville and Cambria City today. The drivers repulsed them, but they again returned. A second fight ensued, but, after a lively scrambling, the Huns were again driven away. After that the drivers and guards of the supply wagons were permitted to go armed.

REGISTERING THE SURVIVORS.

Registers are being opened in Johnstown, and all survivors are requested to register, in order to give information of their safety to inquiring friends. Up to noon 9000 out of 34,000 inhabitants before the flood registered.

Mrs. Fredericks, an aged woman, was rescued alive from the attic of her house yesterday afternoon. The house had floated from Line street to the foot of the mountains. Mrs. Fredericks says her experience was terrible. Hundreds of men, women and children were floating down the torrent to meet death, some praying, while others were raving.

The sad story is not without its deeds of heroism. Appalling scenes of horror developed daring courage where least expected. While every-day heroes in the midst of terrifying scenes usually degenerated into arrant cowards, those who viewed the frightful scenes of fire and flood, agree that the hopelessness of the situation was first fully realized by women, that by the tender sex was exhibited that dauntless courage born of resignation. Mothers calmly sacrificed themselves to the fury of the flood or fire to save the lives of their children and loved ones. Not infrequently a pale-faced woman, clinging with a child to floating débris, realizing that the support was too frail for two, would be seen to lift the precious freight high upon the floating débris, and with a hasty kiss, sink beneath the waves.

SAVED TWENTY-TWO LIVES.

Edward C. Will, a young foundryman of Cambria, 27 years old, who no one ever suspected of possessing more than ordinary courage, when the flood was at its height and people were floating down the rushing torrent in hundreds, rushed to a boat, and, senseless to the pleadings of his wife and relatives, shoved the frail craft far out into the angry current, gliding rapidly alongside of a floating roof upon which a woman and two children were kneeling with blanched faces, skillfully evading the obstructions that every minute threatened to crush the cockleshell craft, and lifting the terrorized creatures into the boat, he shot across the current back to the bank whence he came. A shout of applause swelled from the throng that lined the bank, but, unmoved by plaudits, the young man repeated the perilous journeys not once but seven times, until 22 lives had been saved. This was but one instance in many.

TWO THOUSAND BODIES.

Three hundred more bodies have just been found opposite Ninevah. This makes 700 found at that point. Nearly 2000 bodies have already been recovered in all, and as the work of examining the wreckage progresses the conviction grows that the magnitude of the calamity has not yet been approximated. Conservative estimates this morning put the number of lost at 7000, and many men of calm judgment, not wont to exaggerate, who have been upon the ground from the outset, place the number at 10,000.

IDENTIFIED.

Among the bodies recovered this morning the following were identified: Mrs. Mary R. Smith, wife of the cashier of the Johnstown Company, and infant; Adolph Nathan, proprietor of the Johnstown Company's stores; Oliver Ackers, Harry P. Garther, clerk of Adams Express Company; John S. Buchanan, Dr. W. C. Bearn and wife, L. L. Smith, Mrs. Thomas Williams, W. E. Hoops, secretary Johnstown Company; Charles Marshall, 'Squire Fisher and family.

GEN. HASTINGS'S GOOD WORK.

Gen. Hastings this morning stated that he wished positively to deny stories published in certain newspapers to the effect that there had been wholesale lynching and rioting here since Sunday.

Gen. Hastings has ordered the Fourteenth Regiment to Johnstown to relieve the sheriffs, who are worn out. He is hiring all the men he can to remove the débris. Pittsburgh contractors have a number of men at work, and have placards calling for 2000 men.

THE TRAIN VICTIMS.

It is now definitely settled that at least twenty to forty were on the two sections of the day express that left Pittsburgh Friday morning and the Johnstown accommodation about to leave that afternoon. There have been numerous conflicting reports about how many trains were caught in the flood, but from the most reliable sources it has been ascertained that these three trains were caught by the water. A passenger on the train says he can count up at least twenty whom he saw drown.

A RELIEF TRAIN.

At 11 a.m. the first relief train, bearing thousands of pounds of provisions for the sufferers and 2000 coffins for the dead, passed over the Johnstown bridge across the improvised trestle to the Johnstown depot. For the first time railroad communication has been reëstablished between the stricken city and the outside world.

THE FIRE STILL BURNING.

It is not believed now that the fire in the wreck at the bridge can be extinguished for weeks. The hand of Providence is in it. The suggestion made by the physicians yesterday that the bodies not buried be allowed to be cremated in the interest of public health, which aroused such a storm of indignation among the surviving, is viewed with more calmness today. There is a growing sentiment that it is, after all, the best solution of the problem.

Weeks and months will be required to remove the stupendous mass by artificial means, and in the meantime the [illegible] therein will be [illegible] to all the surrounding country.

LOST NINE RELATIVES.

BALTIMORE, June 4.—General Passenger Agent Charles O. Scull of the Baltimore and Ohio road, lost nine relatives in the Johnstown flood. There were Mrs. Mary Hurst and five children, and Mrs. H. M. Ogle, a noble telegraph operator, who died at her post, and her two children.

GEN. WALLACE'S WIFE MISSING.

NEW YORK, June 4.—Gen. Lew Wallace is very anxious concerning the safety of his wife. That lady left Indianapolis Thursday; since that time he has not heard from her. He telegraphed many points without avail. This morning he learned the train which bore his wife might be caught somewhere in the flood.

HELP THEM NOW.

PRESIDENT HARRISON'S ELOQUENT APPEAL.

The National Capital Asked to Set an Example in the Noble Work —Nearly $1,000,000 Already Raised.

By Telegraph to The Times.

WASHINGTON, June 4.—[By the Associated Press.] In response to a call issued by the commissioners of the District of Columbia, a public meeting to devise means of aiding the sufferers by the flood at Johnstown and vicinity was held here this afternoon.

The meeting was called to order by Commissioner Douglass, who introduced President Harrison as the presiding officer. Upon taking the chair the President said:

"Every one here today is distressingly conscious of the circumstances which have convened this meeting. It would be impossible to state more impressively than the newspapers have already done, the distressing incidents attending the calamity which has fallen upon the city of Johnstown and neighboring hamlets, and upon that large section of Pennsylvania situated upon the Susquehanna River. The grim pencil of Doré would be inadequate to portray the horrors of this visitation. In such a meeting as we have here in the national capital and in other like gatherings that are taking place in all cities of this land, we have the only rays of hope and light in the general gloom. When such a calamitous visitation falls upon any section of the country, we can do no more than to put about the dark picture the golden border of love and charity. [Applause.] It is in such fires as these that the brotherhood of man is welded. And where is sympathy and help more appropriate than here at the national capital. I am glad to see that early this morning, from a city not long ago visited by pestilence, not long ago itself appealing to the charitable people of the whole land for relief—the city of Jacksonville, Fla., there came an ebb of that tide of charity which flowed toward in the time of need, in a telegram from the Sanitary Relief Association authorizing me to draw upon them for $2000 for the relief of the Pennsylvania sufferers. [Applause.] But this is no time for speeches.

"While I talk men and children are suffering for the relief which we plan to give. One word or two of practical suggestion and I place this meeting in your hands to give effect to your impatient benevolence. I have a dispatch from the Governor of Pennsylvania advising me that communication has just been opened with Williamsport on a branch of the Susquehanna River, and that the loss in that section has been appalling; that thousands of people there are homeless and penniless, and there is an immediate call for food to relieve their necessities. He advises me that any supplies of food that can be hastily gathered here should be sent via Harrisburg to Williamsport, where they will be distributed. I suggest, therefore, that a committee be constituted, having in charge the speedy collection of articles of food. The occasion is such that bells well might be rung throughout your streets, to call the attention of the thoughtless to this great exigency, in order that a train-load of provisions may be dispatched tonight or in the early morning to this suffering people. I suggest, secondly, as many of these people have had the entire furnishings of their houses swept away, and have now only temporary shelter, that a committee be appointed to collect such articles of clothing, and especially bed clothing, as can be spared. Now that the summer season is on, it can hardly be that a house in Washington cannot spare a blanket or coverlet; and, third, I suggest that from the substantial business men and bankers there be appointed a committee who shall collect money. For after the first exigency is past there will be found in those communities very many who have lost their all, who will need aid in the reconstruction of their demolished homes and in furnishing them so that they may be again inhabited. Now I say in conclusion that as a temporary citizen of Washington it would give me great satisfaction if the national capital should so generously respond to this call of our distressed fellow-citizens as to be conspicuous among the cities of our land. I feel that as I am now calling for contributions I should say that on Saturday, when first apprised of the disaster at Johnstown, I telegraphed a subscription to the Mayor of that city. I do not like to speak of anything so personal as this, but I felt it due to myself and to you that I should say so much as this."

A list of vice-presidents, including members of the Cabinet, Chief Justice Fuller, Chief Justice Bingham of the Supreme Court of the District and 12 prominent business men of the city, was chosen, and secretaries and a treasurer were also selected. Calls for subscriptions were then made and the responses were numerous and for a while for large amounts, a half-dozen being for $500 each. About $10,000 was raised in the hall.

The President, in dismissing the meeting, said: "May I express the hope that this work will be earnestly and thoroughly pushed, and that every man and woman present will go from the meeting to use their influence in order that these supplies of food and clothing, so much and so promptly needed, may be supplied, and that either tonight or tomorrow morning a train well freighted with relief may go from Washington."

Before a motion for adjournment could be put, however, a resolution was proposed tendering the thanks of the meeting to the President for the sympathy with distressed humanity which he had manifested by assisting at the meeting.

The President, before it could be carried, arose and requested that it be withdrawn. In a graceful speech he expressed his appreciation of the kindly motive which prompted the resolution, but asked that it be withdrawn, which was done.

Secretary Proctor was at the White House early this morning in conference with the President in regard to measures for the relief of the Johnstown sufferers. A telegram was received from Gov. Beaver asking if the Government could furnish pontoons for construction of temporary bridges across the Conemaugh River. Secretary Proctor telegraphed the officers in command at West Point and Willet's Point to arrange at once to meet the wants.

OTHER RELIEF MEASURES.

Prompt Aid Promised the Sufferers at Williamsport, Pa.

HARRISBURG (Pa.), June 4.—[By the Associated Press.] Mayor Foresman of Williamsport telegraphed Gov. Beaver today that the situation there is as follows:

"The boom has been cleaned of logs. From the principal yards along the river front the manufactured lumber has been swept away. The houses of people nearest the river have been carried away, with all they possessed. Thousands of people are homeless and without anything but the clothes upon their backs. Many of our people are in absolute want for the necessaries of life. At a meeting of business men called yesterday, $7000 was raised. Dead animals and all kinds of filth are strewed upon the streets, and grave fears of an epidemic are entertained. It is impossible to estimate the loss and damage to different kinds of property. The surrounding country has suffered just as badly. Booms, bridges and villages have been swept away, and the loss of life has been considerable. Greatest possible relief to our people who are now without shelter."

Gov. Beaver replied to Mayor Foresman in substance as follows:

"Will reach you with help as soon as the Montgomery bridge can be crossed. I am loading cars here with flour and groceries notwithstanding the pressure of our own stricken people. Put your unemployed men to work moving the débris and cleaning your city. I will furnish means for paying them reasonable wages. The country is responding nobly to humanity, and the address sent out last night will give a better idea of the situation, so that I have no fear of any lack of means for furnishing all needed help."

LARGE SUMS BEING RAISED.

NEW YORK, June 4.—Money continues to come in rapidly to the Citizens' Committee for the benefit of the flood sufferers. Five thousand dollars was received by cable from the London Stock Exchange this morning. Gen. Sherman presided at this afternoon's meeting. Mayor Grant said contributions were pouring in from all quarters. The fund will undoubtedly exceed any heretofore raised in New York for a similar purpose.

BOSTON, June 4.—The Legislature has passed the House resolution appropriating $30,000 for the Pennsylvania sufferers.

LONDON, June 4.—Americans in England are engaged in collecting money for the benefit of the sufferers by the Johnstown flood.

PITTSBURGH, June 4.—Two hundred thousand dollars in money and $50,000 in provisions and clothing have been donated by this city in aid of the Johnstown flood sufferers. Chairman McCreery of the Chamber of Commerce Relief Committee sent out the following today:

"*To the Paper Trade of the United States:* Money is needed badly for the Johnstown sufferers. This terrible calamity here in our midst is not a local calamity, but a national one. The paper manufacturers of Pittsburgh ask the paper-dealers, paper-makers and paper-stockhouses of this country to send money for the 'paper-trade fund' we have this day created here. The paper interest of the country is large, and we hope to have a large paper-trade fund. Send subscriptions of any amount. All will be thankfully received. All checks should be made payable to the order of Hugh McElroy, I. M. Cooper and E. C. Godfrey, and mailed direct to E. C. Godfrey, 830 Liberty street, Pittsburgh.

NEARLY $1,000,000 RAISED.

NEW YORK, June 4.—The aggregate of flood subscriptions reported in the Associated Press dispatches from various sections tonight is $571,000. The aggregate on Monday night was $406,000.

SAN FRANCISCO, June 4.—Louis Schloss, treasurer of the Citizens' Relief Committee, today telegraphed $10,000 to Gov. Beaver of Pennsylvania, for the relief of the Johnstown flood sufferers.

LOSS AND SUFFERING.

The Work of the Flood in Various Places.

PHILADELPHIA, June 4.—[By the Associated Press.] Supt. Pettit of the Pennsylvania road made his way to the edge of the city of Lock Haven this morning. The principal citizens say there is no suffering. All the houses had six to ten feet of water in them. Only one was drowned there, but several lives were lost at Millhall. This is the first news from Lock Haven since Friday.

A special to the Press says: The news from Lock Haven is of a most gloomy character, fear being expressed that many will starve. All communication is cut off and aid cannot reach them. To add to their distress they are without water, the supply reservoir being washed out. There was 10 feet of water in the highest location in the city of Lock Haven.

LEWISTOWN JUNCTION (Pa.), June 4.—The town of Lewistown has been shut off from the rest of the world since last Friday. The situation is this: The waters rose nine feet higher than in 1842. The river bridges, railroad and county bridges were all swept away. There is but one open railroad here. Southward the line is a wreck. The highways of the town are covered with débris 10 feet high, and many of its population are sheltered and fed in the courthouse and otherwise. It is impossible to estimate the loss by the damage to property. No lives were lost.

FREDERICK (Md.), June 4.—The loss in this county along the course of the Monocacy will foot up to about $200,000. The loss sustained by towns along the valley of the Potomac from Point of Rocks to Harper's Ferry, including the latter place, will aggregate $250,000, not embracing the losses sustained by the Baltimore and Ohio and Chesapeake and Ohio Canal. In the villages of Point of Rocks, Knoxville, Westerton, Berlin, Sandy Hook and Harper's Ferry, all located on the Potomac, people are destitute and in need. Most of them lost all they had on earth. Carloads of supplies are being sent to them.

PHILADELPHIA, June 4.—The first train to arrive in this city since the terrible floods on the line of the Baltimore and Ohio Railroad arrived this evening.

HARRISBURG (Pa.), June 4.—Damage in this county by the flood will exceed $500,000.

PHILADELPHIA, June 4.—A representative of the Mutual Life Insurance Company of New York stated today that the company would lose $430,000 by deaths in the Conemaugh Valley.

THE DEATH-ROLL.

A Partial List of the Identified Victims.

JOHNSTOWN (Pa.), June 4.—[By the Associated Press.] The following additional death-list has been prepared with care. Duplications may occur, but, considering the chaotic condition of affairs at the morgues, it is impossible to be perfectly accurate:

Miss Laura Hamilton, Mrs. Knorr, Elmer Brinkley, A. Little, of Pittsburgh; Charles H. Welson, of the Hulburt House; Mrs. Christy, of Butler; Miss Ella Taylor and Nellie Williams, Miss Jennie Wells, John Andrews, John Burns, a brakeman of the Cambria Iron Company, a Hulburt House porter (colored), William Henry, Jacob Wild, Mrs. Jacob Wild, Mrs. W. W. Jones, Howell Powells, two male children, George H. Baldwin, William Layton, Miss O'Connell, sister of Capt. O'Connell, Mr. McCoy, John O. Richards, Frank H. Harris, son of John T. Harris (Chief of Police), Arthur Smith, Carrie S. Barbour (aged 16), Frank Dimond, Miss Annie Falcon, Mrs. Geis, James G. Cox of Philadelphia, Mrs. James Fronhir, William Penrod, James J. Murphy, a daughter of Mr. Murphy; Bessie (a girl 12 years old, last name supposed to be Fitzharris), Miss Holter, Katie Kreiger, Miss M. L. Davis, John Streum, Mary Davis, Walter B. SANTA ANA HAPPY.

County Division Carried with a Rush.

Scenes of Rejoicing Over the Expected Result.

Fire Causes Great Destruction Near Oakland.

A Report That Tascott, the Slayer of Snell, Has Been Discovered at Canton, China.

By Telegraph to The Times.

SANTA ANA, June 4.—[Special.] The polls were opened here at sunrise this morning, and voting was kept up until 5 p.m. During the day there was no excitement, but the people seemed determined to win, and they went to work in a determined way, which showed that they did not intend to take any chances. The best workers in town voted early and left by teams for Anaheim, where they expected to have strong opposition. It was reported that some of the anti-division people of Los Angeles had sent a sack down to Anaheim to be used, but the workers, who have returned this evening, say that it did not materialize.

It became evident early in the afternoon that county division had been carried by a large majority, and small groups of men could be seen marching about the streets shouting for the new county. One old fellow who has lived here since the first saloon was established captured a burro and, after decorating him with Fourth-of-July flags, he rode up and down the principal streets, letting off yells that brought crowds to the sidewalks.

There were no disturbances during the day and there are but few drunks on the streets tonight, although the whole town seems to be out, and there are numbers of people from the adjoining towns and country.

It is estimated that 3000 votes were polled in the new county, and, according to the returns, only 500 votes were cast against division. With the exception of three precincts the returns are complete, and stand as follows:

	For.	Against.
Fairview	13	67
Anaheim	12	231
Buena Park	....	18
Delhi	all	....
Diamond	130	4
El Modena	92	4
Fullerton	15	96
Garden Grove	140	10
Laguna	23	2
New Hope	67	3
Newport	138	1
Orange	198	2
Orange depot	76	....
San Juan	80	16
Silverado	22	1
St. James	125	16
Santiago	82	1
Santa Ana	816	....
Tustin	202	1
Trabuco	13	....
Westminister	143	15
Yorba	23	10

Total number of votes polled, 2783. For, 2282; against, 501.

At 5:30 this evening the votes in this town were almost all counted, and as soon as the people learned that in it not a single vote had been cast against division, they fairly turned themselves loose. Anvils were rigged up. Fire crackers and fireworks were gotten together, and with one accord church bells, anvils and fire crackers were set off, and a regular Fourth of July din was kept up until the people were so tired that they could yell no longer.

[illegible] were in from all d@[illegible] county, and a band was [illegible] on the streets. The Santa [illegible] people are the happiest people in Southern California tonight. They declare that they have wanted to run a county of their own for the past 10 years, and they expect to get up a boom at once. Office-seekers are already at work electioneering, and from general indications the election will be very warm.

A large crowd gathered in front of the Brunswick at 8:30 p.m., and, amid the firing of fire crackers and yells from the crowd, Col. I. E. Messmore and Hon. E. E. Edwards addressed the citizens. The speakers advised the voters to be careful and select the best timber obtainable, and not to make any mistakes. The applause was frequent and hearty. M.

CAME TO BLOWS.

Two Well-known Santa Ana Men Have a Little Mill.

SANTA ANA, June 4.—[Special.] A little sensation was created here in social circles this evening. At 6 o'clock, Ed Culver and Charley Cronkhite, two married men, met in front of one of the newspaper offices and a few words passed between them, when Cronkhite led out from the shoulder and struck Culver a powerful blow in the face. Culver kept his pins, however, and the prospect for a good fight drew several hundred people to the spot. The men struck several blows, when mutual friends stepped in and separated them.

It seems that Cronkhite objected to his wife's keeping company with Mrs. Culver, and when the husbands met this evening the subject was brought up with the above result. No one seems to know why Cronkhite should object to Mrs. Culver, as both ladies stand high here. There have been no arrests up to this hour.

SNELL'S MURDERER.

Tascott Reported to Be at Canton, China.

SAN FRANCISCO, June 4.—[By the Associated Press.] The Chronicle tomorrow will print a statement that William B. Tascott, the murderer of Amos J. Snell, the Chicago banker, is now in Canton, China. The discovery of his present residence is said to have been secured from Mrs. Gantz, who arrived here from Chicago about two months since, and who claims to be the deserted wife of Myron Gantz, formerly connected with a Chicago paper. She says that she also lived with Tascott as a wife. The Chronicle reporter represented himself as an advance agent, and made himself exceedingly agreeable to Mrs. Gantz, who finally grew friendly enough to say it was she who aided Tascott to escape from Chicago.

She says Tascott was secreted in her house for two days, then for two weeks in a house of her selection. She then assisted him to reach St. Paul, and about a month after the murder he went west by rail to Portland, Or., thence to British Columbia. A few days later he sailed on the Canadian Pacific steamer to China. Mrs. Gantz claims to have received a letter from him in China.

A COSTLY BLAZE.

Furniture Factory Burned Near Oakland—Heavy Losses.

SAN FRANCISCO, June 4.—[By the Associated Press.] The Michigan Furniture Company's building at Emoryville, north of Oakland, was burned this morning. The building was filled with furniture. Engines were sent from Oakland, but it was impossible to save anything. The loss is $90,000, and the insurance $25,000. The Judson Manufacturing Company's works narrowly escaped destruction.

When a portion of the Oakland department arrived at the scene the immense buildings of the Michigan Furniture Company, including the storerooms and warehouses, all of which were built of wood, were in flames and beyond control. The department then went to work to save the adjoining property, and succeeded in preventing the fire from extending to the buildings of the Judson Manufacturing Company and other buildings. The heat from the flames was intense, railroad tracks in front of the building being twisted out of shape, rendering it impossible for the fire engines of the railroad company to do any service. Luckily for the adjoining buildings there was no wind, otherwise the entire suburb in all probability would have been wiped out. As it was, the burning cinders were wafted half a mile away.

The cause of the fire is not known, but it is attributed to spontaneous combustion in the oil and varnish room of the factory. The buildings and contents were owned by the furniture company.

A BURNING MINE.

Fire in the Idaho Shaft—Several Miners Dead.

GRASS VALLEY, June 4.—[By the Associated Press.] The Idaho mine has been closed to smother the fire which has been raging there since yesterday. Thomas Durstan and John Ralph could not be rescued. They are surely dead by this time. All others are safe excepting Frank Carter, whose head was taken off between the ascending and descending cages. The asphyxiated men are all right now.

A reporter just in from the mine says the pump-men there report no draft in the mine and no smoke or gas coming out. It is supposed the fire is out. The fire caught in the 1000 level from a charcoal furnace used to heat engines run by condensed air. The soot had deposited on the timbers above the furnaces, and the roof caught fire and was burned to the timbers. The town was excited all last night. Women and children are frantic for the safety of the miners. It will be several days before the mine is opened.

A Chinese Panic.

SAN FRANCISCO, June 4.—Chinatown, in this city, was this afternoon thrown into an intense state of excitement by an apparently-authentic announcement that one of the Chinese Six Companies had received a cablegram to the effect that the hurricane at Hong Kong had destroyed 10,000 people. All the newspapers in the city bulletined the statement, and it was not until several hours' work that the announcement was found to be without foundation. It is supposed that some Chinaman, who knew but little of English, coupled the supposed loss in the Pennsylvania floods with the substance of the cablegram received today describing the situation of the sufferers by the late floods in China.

Colored Masons.

MARYSVILLE, June 4.—At the session of the Sovereign Grand Lodge, F. and A.M. (colored), this morning the election of officers resulted as follows: Thomas Smith of Marysville reëlected Grand Master; Nathaniel Johnson of San Francisco reëlected Deputy Grand Master; Gilford Henry Ashe of Sonora, Grand Senior Warden; Andrew Hall of San Francisco, Grand Junior Warden; George Aaron Duval of San Francisco, reëlected Grand Treasurer; Roderigo Wilkinson of Oakland, reëlected Grand Secretary.

Those Fishery Concessions.

SAN DIEGO, June 4.—S. Z. Solario, who controlled the Mexican pearl-fishing concession made to Luis Huller in 1886, today transferred the same to the On Yick Company. The Chinese give Solario one-half the net profits. The concession extends from Cape San Lucas to Punta Cunda, nearly 1900 miles. The first boat will leave on Saturday for the fisheries.

The Teachers' Excursion.

SAN FRANCISCO, June 4.—An excursion of school teachers will leave tomorrow, via the Central Pacific and Denver and Rio Grande, for the teachers' convention at Nashville, Tenn. The party will comprise some 85 [illegible] and all [illegible] 200 are expected to start from this city, and 100 from the south will join the train at Sacramento.

The Colton-Stanford Case.

SAN FRANCISCO, June 4.—The argument in the case of Ellen M. Colton vs. Leland Stanford et al. was commenced today in the Supreme Court. The appeal is from the judgment and order denying a motion for a new trial in favor of defendants, which was rendered by Judge Temple when acting as Superior Judge of Sonoma county.

A Texas Cyclone.

PARIS (TEX.), June 4.—A cyclone swept through Lamar county today, doing great damage to crops, leveling fences, unroofing houses and barns and injuring a number of people. The cyclone struck the southern section of the county and moved in an easterly direction, sweeping everything in its path before it.

The Atchison's Earnings.

BOSTON, June 4.—The Atchison statement for April shows the gross earnings to be $2,287,110, operating expenses, $1,728,127. The line's net earning are $558,983. This is an increase in the net earnings over April, 1888, of $323,148.

CRANK OR CROOK.

Woodruff Tells Another Tale About Cronin.

Capt. Schaack Suspended for His Conduct in the Case.

Topeka People Storm a Jail and Lynch a Murderer.

Sioux Indians Listen to the Persuasive Eloquence of Uncle Sam's Agents, But Ask More Time—Notes.

By Telegraph to The Times.

CHICAGO, June 4.—[By the Associated Press.] The many contradictory "confessions" of the imprisoned horsethief, Woodruff, alias Black, regarding the Cronin mystery were capped this afternoon by a brand-new narrative from him regarding the affair. During the inquest Police Captain Schaack, who was on the witness stand, had testified as to the investigation which followed the arrest of Woodruff for horse-stealing, and retold the whole of Woodruff's varied stories about the men who, he claimed, were named King and Fairburn, and the carrying off of the woman's body in the trunk.

When the Captain was asked if he had any recent conversation with Woodruff he said: "Woodruff sent for me the day the Grand Jury was in session on this case, and we went together into a private room in the jail. Woodruff went on to say that there were a good many things he had not told about the case; he continued by saying that he was in a saloon one afternoon with King and Fairburn when a strange man entered and took King aside. Woodruff said the man had a big roll of money and that he gave some to King and more to Fairburn. They went out together and the strange man left them at the door. After he had gone Woodruff said he asked King who it was and King said: 'That is Lawyer Alex Sullivan.'"

Capt. Schaack added in reply to a juror's question that the next day after Woodruff had been indicted for horse-stealing he sent word that he would not talk any more.

The Daily News says this evening that Woodruff this morning declared: "I ain't going to get the worst of it, although there are people trying to give it to me. I ain't an Irish Catholic, and I suppose the Irish will try to give me the worst of it, but they had better look out. If I find they are trying to do that, I'll make some of them think hades is not more than five minutes distant."

Capt. Schaack was suspended from duty tonight by Chief Hubbard for alleged dereliction of duty in the Cronin case. The action was taken after Schaack's examination before the Coroner's jury, and is announced to be based upon Schaack's neglect to summon persons other than Mrs. Conklin to identify the famous white horse and rig, and for not inquiring into the whereabouts of Detectives Coughlin and Whalen on the night of May 4th.

Chief Hubbard tonight, in an interview after the suspension, charged that Schaack's course in the Cronin matter was due to the fact that in the efforts which had been made for Schaack, he had found a powerful friend in Alexander Sullivan, and in one case at least, Sullivan has saved Schaack his rank and star as captain.

THREE IN ONE.

Railway Firemen, Brakemen and Switchmen Joining Forces.

CHICAGO, June 4.—[By the Associated Press.] Delegates from the Brotherhood of Locomotive Firemen, Brotherhood of Railway Brakemen and Switchmen's Association held a secret meeting today, and succeeded in bringing about a confederation of the three branches of railway employés [illegible] and the meeting was characterized by a harmonious feeling. Committees were appointed to draft a constitution and bylaws. They will be at work for two or three days yet. One of the prime movers in the conference said tonight that it was a step toward uniting all organizations of railway employés.

"The conductors are ready to join us," he said, "as are also most of the engineers, though Chief Arthur and a number of his followers are averse to the plan. Many believe, however, that he will never be re-elected. If we secure the conductors and engineers, we will have the most powerful labor organization in the world."

S. E. Wilkinson of Peoria, E. F. O'Shea of Galesburg and D. W. Edens of Bucyrus represent the brakemen; F. P. Sargent, E. B. Debbs of Terre Haute and J. J. Hannahan of Chicago are the firemen's delegates; the switchmen have Frank Sweenie, G. W. Hall and W. E. Simsroff, all of Chicago. It is expected that the constitution and bylaws will be framed by Thursday night, and the delegates will leave Chicago on Friday.

TALKING TO THE BRAVES.

The Sioux Commissioners State Their Case.

ROSEBUD AGENCY (South Dak.), June 4.—[By the Associated Press.] The commissioners' first council with the Sioux was held yesterday afternoon. All the prominent Indians of this agency were present, as well as delegations from all the other Sioux agencies. Gov. Foster, as chairman of the commission, explained at length the provisions and scope of the bills. He said that while the Government did not propose to take their land except with their full consent, and would pay liberally for it, the commission hoped to be able to convince them it was for the interest of the Indians to sell.

At the request of the Indians the whole act was then read. The council then adjourned to give the Indians an opportunity to discuss its provisions with each other.

The proceedings of the council held today were uneventful. Maj. Warner of the commission, in compliance with the request of Swift Bear, went over the provisions of the act of Congress, explaining the benefits which would result from the acceptance of its terms. The Indians were evidently favorably impressed, and asked time for consideration. They said the matter was of great importance to them, and they did not want to be hurried. The council adjourned until June 6th, when it is expected the Indians will be prepared to discuss the question and give their decision.

AN INSANE WOMAN.

A Niece of Senator Stanford Creates a Sensation.

NEW YORK, June 4.—[By the Associated Press.] A Norwalk (Ct.) special says Mrs. Catherine Gunning, the divorced wife of Thomas B. Gunning, Jr., and a niece of Senator Leland Stanford, has shown no signs of recovery from her malady. She will tomorrow be removed to Dr. Buell's asylum at Litchfield, where she will be immediately placed under treatment. She evaded her watchers last evening, divesting herself of clothing save two garments, and marched out in the street when the people were returning from church, and the incident created considerable flutter.

She was recognized by friends and returned to the house, but only after a hard struggle, as she is a large, powerful woman.

A LYNCHING.

Topeka People Promptly String Up a Murderer.

TOPEKA (Kan.), June 4.—[By the Associated Press.] Early this morning Hon. A. T. Rodgers of the firm of Rodgers & Stranahan, merchant tailors, was fatally shot by a burglar, and Mrs. Rodgers was shot so that her recovery is doubtful. The burglar escaped, badly wounded, but later in the day he was captured. When it became known that he was in custody, the people surrounded the jail to guard against any attempt to remove him elsewhere. During the evening the crowd increased, and at 7 o'clock the jail was stormed. The officers made a desperate resistance, and it was 11 o'clock when the unfortunate wretch was dragged out and hung to the nearest telegraph pole.

Arguing a Rate Question.

TOPEKA (Kan.), June 4.—The reargument of the Wichita jobbing rate question began this afternoon before the Railway Commission. The general managers and traffic managers of the railways of the State were present, also representatives from Wichita, Topeka, Leavenworth, Fort Scott, Emporia, Great Bend, Salina and other towns affected by the question.

Chicago Fruit Sales.

CHICAGO, June 4.—Porter Bros. & Co., agents of the California Fruit Union sold today two carloads of fruit, as follows: Apricots, $2.35 to $1.35; peaches, $2.05 to $1.55; cherry plums, $1.15; cherries, $1.45 to 80 cents. The weather was cool and the demand fair.

Escaped Murderer Lynched.

LINCOLN (Kan.), June 4.—Pat Cleary, a murderer, broke jail last night. He was pursued and shot by citizens of this and Ellsworth county, who then took him to the railroad bridge and hanged him.

NOTES FROM ABROAD.

Bradlaugh Denounces the British Spy System.

LONDON, June 4.—[By Cable and Associated Press.] In the Commons today, on the vote of £38,000 for the secret service, Bradlaugh moved to reduce the amount by £20,000. The vote, he said, was an open door to the misuse of funds. As an instance he referred to the spy Le Caron as receiving money from the secret-service fund through a person not personally responsible to the ministers. Secret money fostered the concoction of conspiracies by secret-service agents. All expenditures ought to be open to audit.

The motion to reduce the amount was rejected—141 to 430.

JACK THE RIPPER AGAIN.

LONDON, June 4.—A parcel containing the lower portion of a woman's body cut in half was found in the Thames at Horseleydown this morning. Another parcel in which were a woman's thighs was picked up at Battersea. Both were wrapped in pieces of a woman's drawers, on which the name Gosher was marked. The trunk and thighs evidently belonged to the same body, which was of a well-developed person. The remains had probably been in the water 10 days. It is feared that "Jack the Ripper" has again been at work.

PROBABLY LOST.

LONDON, June 4.—There are fears that the British steamer Danish Prince, which sailed from Swanses May 28th for Montreal, has foundered. The coast guards at Skibbereen, Ireland, have picked up the logbook of the steamer.

THE SUGAR MARKET.

LONDON, June 4.—There is considerable stir in the Clyde sugar market. Prices advanced 9d on reports that America had bought 50,000 tons.

THE POLICE DEPARTMENT STILL "ALL TORE UP."

A Number of Changes May Possibly Be Made Today—The "Triumvirate's" Programme for the New Deal.

The Police Commissioners will hold their weekly meeting in the Mayor's office this afternoon, when it is expected that there will be a number of changes. In this, however, the public may be disappointed, for everything may be put over for another week, until the vacancy on the commission is filled. There is no doubt but that Messrs. Lindley, Dexter and Knox have agreed upon what they want to do, but they do not wish to take the entire responsibility for the sweeping changes which they have in contemplation, if they can possibly help it. These changes, it is asserted by parties who claim to know, look to the removal of Chief Burns, Capt. Harris and three of the four sergeants, besides a considerable number of the men, and as the earthquake will cause a good deal of excitement, the "triumvirate" would like to have a full board to shoulder the responsibility, and to this end they have been working like beavers during the entire week. The first hitch in the programme was the declination of Mr. McManis, which threw all of the calculations off. When it became known as a positive fact that Mr. McManis would not serve, the place was offered to ex-Councilman M. T. Collins, who was at first inclined to accept it, but after consultation with his friends they insisted that, in the face of Mr. McManis's refusal, he should not take it, as that gentleman's friends would resent such action. It was also claimed that Mr. McManis was censured to a certain extent for being so precipitate in declining the place and allowing himself to be interviewed and placed on record, as, if this had not been done, a combination could have been arranged by which Mr. Knox could have been made to see the propriety of handing in his resignation, and both Mr. Collins and Mr. McManis could have been provided for. Whether this is true or not, it is said that Mr. McManis is sorry that he spoke so quickly, although that gentleman has not so expressed himself publicly. It was then suggested that it would be a good plan to put a Prohibitionist on the commission, but one could not be found on the spur of the moment in whom enough confidence could be placed, and this idea was abandoned, so that the meeting today will be under the same conditions as that last week, so far at least as membership is concerned.

But for all this there has been a vast deal of caucusing and planning, and Messrs. Lindley and Dexter have been in conference almost every day since last Wednesday, and sometimes for hours at a stretch. It is said that Mr. Dexter favors ex-Chief P. M. Darcy as Mr. Burns's successor, and that he also wants J. W. Davis for captain, which is agreeable to Messrs. Lindley and Knox, and that they will be put in just as soon as practicable. It is only fair to say that the members of the commission deny that they have any such intention, but, just the same, parties very close to them insist that this is their idea, and it is known that Mr. Dexter and two or three members of the City Council have been in consultation with Mr. Darcy during the past day or two.

In this connection it might not be out of place to state that the gamblers are looking more cheerful and intimating pretty strongly that things are gradually working their way. One of the most influential of the fraternity said Sunday night that within five days after the adjournment of the Grand Jury they would be open and running in full blast, with no fear of molestation on the part of the police. There are likely to be sensational developments in the very near future all along the line, when some peculiar combinations may come to the surface.

THE COLORED FAIR.

A Debate—Is Marriage a Failure?

The fair at the A.M.E. Church on Old Second street continued yesterday and last night with a large attendance.

It is proving quite a success, much to the satisfaction of the managers. The proceeds are to be applied toward paying off the debt of the new church, and a neat sum will be realized. Last night an interesting programme was given. There was a solo by Mr. Miller of Pasadena; a tableau, "The Seasons," participated in by Misses Florence Wermar of Pasadena, Mary Reed, Kittie Robinson and Cassie Jacobs. The event of the evening was a debate, in which the momentous question was discussed, "Is Marriage a Failure?" In the affirmative were A. L. Muse and L. S. Blakely of Pasadena, in the negative, Jackson Johns and James Marseilles of Los Angeles. The judges decided in favor of marriage, amidst prolonged applause. The fair continues today.

DISTRICT CONFERENCE

At the Fort-street Methodist Episcopal Church.

The Los Angeles District Conference of the Methodist Episcopal Church met yesterday at the Fort-street Church. There are about 40 ministers and members in attendance. Last night services were held at the church, and Rev. C. G. Wilson delivered an eloquent sermon.

The conference begins this morning at 8:30 o'clock. There will be devotional exercises first, followed, by the regular business of the conference, consisting of reports and other business. In the afternoon there will be the regular business of the conference. At the evening session, which begins at 7:30 o'clock, there will be short speeches of 10 minutes each on different topics, by Rev. Dr. A. C. Williams, Rev. Dr. E. Thompson, E. W. Spencer, A. M. Huff, Rev. Dr. J. Dodd, Dr. J. P. Widney and Rev. Dr. M. M. Bovard.

See Arraigned.

In Judge Cheney's court yesterday Richard Benjamin Jackson See was arraigned on the charge of murder. The crime of which he is accused is the murder of Duncan at Downey Station, 17 years ago. He was arraigned and given until Thursday to plead. His old mother, two sisters and their three little children were all in court with the prisoner. He seemed to be very little affected by his situation. After arraignment his family accompanied him back to the jail, where they left him.

Whittier's New Paper.

Robert Farrell, formerly of the Compton Independent, has moved to Whittier, where he has established a neat little paper called the Pointer, the second number of which has been received.

UNIVERSITY PLACE.

Co-operative Association—News and Society Notes.

UNIVERSITY PLACE, June 3.—[Correspondence of THE TIMES.] At a mass meeting of the students and members of the faculties of the College of Liberal Arts, Seminary and College of Music held today an association was formed under the name of the Coöperative Association of the University of Southern California. The objects of the organization are to care for the general interests of the students, and more particularly to save money by co-operation in buying books, stationery, clothing and other articles used by the student community. The association will elect its own book agent, who will keep a stock of stationery and text-books at the University. The association is modeled to a large extent after the coöperative societies at Harvard and Boston universities. It is thought that after the organization is perfected the principle of coöperation in buying will be very generally adopted by the students, as it is known to have succeeded well in the East.

A good joke is being quietly circulated at the expense of the University Church people, who picnicked last Thursday at Devil's Gate. It is said that when the party arrived at the cañon they were forbidden to enter by an officer who was stationed there to protect the water supply of Pasadena from contamination. Those who didn't go think it very strange that the Devil's Gate should be shut against their brethren. But as the picknickers found a more agreeable place higher up to which they were freely admitted, perhaps we may conclude that their goodness rather than their extreme badness shut that gate against them.

Work has begun on a new house for Mrs. Wheeler, on Simpson street, just below Wesley avenue. The house is to be two stories high and will contain seven large rooms.

About the worst specimens of humanity ever seen by our citizens have been on the streets begging from house to house for two or three days. They are members of a band of gypsies which passed down Washington street several days ago, and is now supposed to be camping somewhere on the southwestern outskirts of the city. The troop comprises several bears and monkeys, and owns a number of wagons. It may be of interest to know that recent investigations indicate that the gypsies came originally from India, and not from Egypt as their name has led many to believe. A comparison of their secret language, called the Romany, with the languages of India shows them to be derived from the tribes of parlahs or professional Indian beggars. In appearance, dress, superstitions and customs it is said that their similarity to the parlahs is so great as to make it certain that this is their origin.

The latter part of last week was well filled with interesting social events. On Thursday evening Dean and Mrs. Matthew gave their annual reception to the senior class of the College of Liberal Arts.

On the same evening President and Mrs. Bovard entertained the young ladies of Hodge Hall. The presence of Miss McClellan, a former student at the university, added interest to the occasion.

On Friday evening Miss Breed gave a party at the College of Music in honor of Miss May Curran. Besides the members of Miss Curran's class, the juniors, there were present a number of young people from town. The chief amusement of the evening was progressive angling.

Some improvements one would like to see in University Place:

One would like to see the pepper trees on the sides of the streets trimmed so that a man of ordinary height can walk on the sidewalks without having his hat knocked off by the low limbs.

One would like to see more hedges kept trimmed as well as Dr. Bovard's.

One would like to see a good many imitators of the enterprise of Mr. Carter, who has just built a cement sidewalk in front of his property on Figueroa street.

One would like to see Wesley avenue regularly sprinkled.

One would like to see the city water mains extended through our principal streets.

One would like to see a first-class restaurant established in University Place.

WANTS TO KNOW.

A Temple-street Man Who Throws Rocks.

A communication has been received by THE TIMES from "West End" in regard to the grade of Temple street, taking exceptions to the action of Councilman Bonsall and City Engineer Eaton at the last session of the Council. It refers to the statement of Mr. Bonsall in Council that the property-owners on Temple street had agreed on a grade, and that the City Engineer desired to present a more suitable grade than that fixed in the ordinance under consideration. The writer desires Mr. Bonsall to explain what has caused him to so suddenly change his opinion on the grade; when and where a compromise was decided upon by the property-owners; why, when owners of over 12,000 feet of frontage desire a cut of 15 feet and only 3500 feet opposite it, he is so anxious to serve the minority instead of the majority. In fact, the writer wishes Mr. Bonsall to explain "where is the nigger on the fence?" The writer denies that the majority of property-owners desire a change in the grade, unless it can be one for all time, and not one which will require a change at some future time, and also denies that there has been any compromise.

Bunco Men at Outs.

Hood, one of the bunco men arrested in connection with the Haskins affair, was yesterday surrendered by his bondsman, Frank Rose, who is also under bonds to appear on the same charge, and was locked up for a short time in the County Jail, when he gave a new bond, with M. Hanley and W. Goldman as sureties. There has been some trouble between the two men, but just what it is they keep to themselves.

A Close Call.

Fred Cowley, one of the proprietors of the Hollenbeck, now on his way home from a trip east, had a narrow escape Sunday a week ago in a railroad accident between Chicago and Columbus. Two men were killed in the same car in which Mr. Cowley was traveling, but he escaped without a scratch, and will be home in a few days.

PASADENA NEWS.

PROF. C. F. HOLDER ELECTED SCHOOL TRUSTEE.

He Goes In by More Than Two to One—A Test Case—The Board of Trade—Another Step Forward—Personal.

PASADENA, June 4.—[Correspondence of THE TIMES.] The agony is over and the school-trustee fight has been decided for another year. Both factions worked hard for their respective candidates, and at nightfall rested while the votes were being counted. It was not a bitter fight, the best of harmony prevailing throughout the day. Early this morning carriages were set in motion, and at noon it looked as if every vehicle in the city was engaged in transporting the friends of both parties to the polls at the Wilson school. The school cadets were also on hand, and worked hard for the friend of their preceptor. A large number of people who went to the polls found they were debarred from casting a ballot by reason of their negligence in failing to register. At noon about 400 votes had been cast, which number at 5 o'clock had been increased to more than 600. Shortly after 6 the box was declared closed and the tallymen set to work.

HOLDER ELECTED.

The count resulted as follows: Holder, 565; Kernaghan, 250. This demonstrates the truth of the statement made yesterday, that Prof. Holder, though not the caucus nominee, was the choice of the people. The interest taken in this election makes a good contrast to that of two years ago, when the matter went by default. Pasadena felt so jubilant over the result last night that a large crowd turned out, and there was a bonfire and a serenade.

SOUTH PASADENA SCHOOL ELECTION.

At the election for school trustee for South Pasadena district, O. R. Dougherty was elected by a large majority over his opponent. The vote stood as follows: O. R. Dougherty, 13; Miss Jennie Collier, 3; S. D. Keith, 3; Elias Longley, 1; J. S. Flemming, 1.

A TEST CASE.

Messrs. Miller, Mosher and Test were brought before the bar of justice this morning to answer to the charge of riding on a bicycle on the sidewalks. The wheelmen admitted that they had ridden on the same contrary to ordinance, but stated positively that they thought it was a "dead letter." Mr. Test made a strong point that he had been given permission to ride on the walk by the officer who made the arrest. Ordinance No. 74 forbids fast or dangerous riding, and is applicable to riders of bicycles and the like. Justice Van Doren, after hearing the evidence of both sides, dismissed the case without further ceremony. The ordinance, however, is still in force.

ANOTHER STEP FORWARD.

Judge Hatch of Los Angeles, attorney for John Cross, builder of the proposed rapid-transit railroad between this city and Los Angeles, was in town today. City Attorney Polley and the above-named gentlemen were very busily engaged drawing up papers for a [illegible] to the Los Angeles, Pasadena and Glendale Railroad. The [illegible] will be submitted to the Board of Trustees at its meeting on Saturday morning.

BOARD OF TRADE.

The Board of Trade met in regular session at 3:45 o'clock this afternoon. The attendance, considering the excitement in the school-trustee fight, was very good.

A number of bills were audited and ordered paid.

B. S. Eaton made a report in reference to the outstanding bills against the community in the matter of the construction of the Wilson trail and the transfer of the instrument to the peak.

A lengthy discussion followed, and on motion an invitation was extended to the Trail Committee to meet on Thursday afternoon and submit a report to the board.

The question of financial aid for the flood sufferers of Pennsylvania came up for a good share of talk, also the best means to secure the necessary relief, in the shape of a handsome donation from the city.

On motion a call was issued for a citizens' meeting at the Tabernacle on Wednesday afternoon at 3:30 o'clock.

The following is the call:

TO THE CITIZENS.

An appalling calamity, the most distressing that has ever visited this country, having overtaken the residents of the valley of Conemaugh, by which thousands have met an awful death and thousands more have lost their earthly all; and the Governor of California having called upon the people of this State to contribute to the relief of those who have been distressed by the act of God;

Now, this Board of Trade calls upon the people of Pasadena and vicinity to meet in public assembly at the Tabernacle on Wednesday, at 3:30 o'clock, to adopt measures through which our sympathies may be practically expressed.

W. U. MASTERS,
President of the Board of Trade.

(Signed by the following directors:) Enoch Knight, M. E. Wood, J. A. Buchanan, R. Williams, C. E. Tebbets, B. A. O'Neil.

The Committee on Tree-planting was empowered to have the balance of the shade trees set out on Colorado street, already subscribed for, and contract with a responsible nurseryman.

The Committee on Boulevard reported progress and good prospects for securing the widened right of way.

On motion, adjourned to meet at the call of the president.

LOCAL MENTION.

The good people of the Olivewood Methodist Church and their friends enjoyed a social conversaziene at the chapel in that suburb this evening. The attendance was very large.

An "old-horse" package for Dr. H. Reid awaits its owner at the Wells-Fargo express office.

G. J. Brodesser will have a hearing on next Tuesday for alleged violation of the anti-saloon ordinance. This is the second charge against the accused, who promised to relinquish the business after being fined $25 on the former charge. Mr. Brodesser claims he is not guilty.

HERE AND THERE.

The delegates to the Universalist State Convention at Santa Paula leave the city tomorrow morning at 10 o'clock. Rev. E. L. Conger, however, left this afternoon.

Through the efforts of the Board of Trade nearly 10,000 shade trees have been set out on the public thoroughfares during the past spring and present summer.

The entertainment for the benefit of the public library and free reading-room at South Pasadena took place in that suburb last evening. The attendance was very large and the proceeds considerably swelled the funds.

The grand officers of the A.O.U.W. lodge will visit this city on Thursday. A public entertainment will follow in the evening at the Tabernacle.

The remains of the late Mr. Barney will be shipped to Springfield, Mass., tomorrow morning.

If the lovers of prohibition will look into the school election today, they will find plenty of solid food for reflection at leisure and ad libitum.

George Montfort is back from a trip to Ventura.

Mrs. J. C. Winslow, a prominent leader in society circles, leaves tomorrow on an extended trip to eastern cities.

W. H. Halliday and family and H. L. Blackman leave for Chicago tomorrow morning.

Up to dark this evening no hostile meeting had taken place in consequence of the Star's furious and sanguinary personal editorial of yesterday "ferninst" "political tricksters" and "smart polititions."

PERSONAL.

W. U. Masters and family have returned from their camping trip up the Arroyo Cañon.

Health Officer McAllister left this afternoon on a business trip to San Diego.

George Sheaff and family are down by the sad sea waves at Santa Monica.

Rev. E. L. Conger and a number of others are at Santa Paula.

EAST SIDE.

Personal and Property Notes—Board of Trade.

F. N. Nickel returned last Friday from a visit to the Hot Springs at Elsinore, where he has been for several weeks for his health. He expects to take a trip to the northern part of the State soon.

E. H. Ragland goes to Millard's Cañon today with his family on a camping expedition.

David Carr has exchanged his fine property, at 809 and 811 Downey avenue, for a ranch of 60 acres near Fruitland. Mr. Carr will occupy his house at 19 North Workman street after the 1st of July. Thomas Meredith is the other party to the exchange.

There were ten members present at the Board of Trade meeting last evening. Very little of importance was accomplished. A general kick was registered on the sewer question, and the fear seemed to be uppermost that the sewer would not be large enough.

ATTENTION!

Cheap Land -:- Good Land.

Dr. E. T. Barber of Lancaster, Antelope Valley, Los Angeles county, Cal., offers 30,000 acres of land for sale, in tracts of 20 acres and upward, at $5 to 50 per acre, with liberal terms and title guaranteed.

This valley has raised the premium wheat of the world; sugar beets at the rate of 13 tons to the acre; barley hay, three tons; eight crops of alfalfa in one year; parsnips seven inches in diameter, and is competent to compete with Spain for raisins, and France for champagne.

All this land offered can be covered with mountain water, and has good surface and arte-ian water, and much of it has a subsoil irrigation.

The railroad facilities are good; the Southern Pacific Railroad now crosses it, and three other great railroads are expected to do so in the near future.

Climate good—no cyclones, blizzards, fogs or malaria.

Antelope Valley is the hope of the poor, a boon to men of moderate means, and a bonanza to keen-sighted business men.

The Centinela-Inglewood Land Comp'y

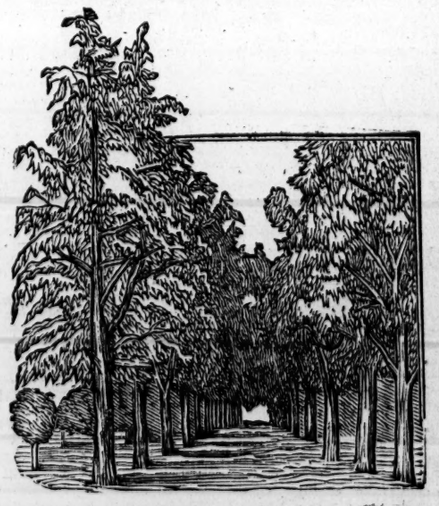
—OFFER FOR SALE—

Choice Residence Lots!

IN ONE OF THE MOST BEAUTIFUL ORANGE GROVES IN CALIFORNIA.

Is located midway between Los Angeles and the sea and has a perfect climate, the result of protection from high winds and sudden changes in temperature. The town is provided with a magnificent water system derived from FLOWING ARTESIAN WELLS.

One of the railway lines of the Santa Fe system runs through this place and affords easy access to Los Angeles or the seaside.



Eucalyptus Avenue

THE COMPANY ALSO HAVE FOR SALE

LAND ADJACENT TO THE TOWN!

In Tracts of One Acre to One Section.

The soil is a rich, sandy loam, and for the growth of the Orange, Lemon, and all the Deciduous Fruits, as well as for Vegetables, Flowers, or Nursery Stock, cannot be excelled in the State. Considering the uniformity in the character of the soil, its great productiveness, and the comparatively trifling cost of cultivation,

THESE LANDS ARE OFFERED AT A BARGAIN.

TERMS OF SALE—One-fourth cash, balance in one, two and three years, at a low rate of interest. Address

BUSINESS.

By Telegraph to the Times.

Money, Stocks and Bonds.

NEW YORK, June 4.—Money on call easy at 3@4 per cent.

Prime mercantile paper, 3@5½.

Sterling exchange, dull but steady at 4.87½ for 60-day bills, 4.89 for demand.

American cotton-seed oil, 60.

Government bonds, steady.

NEW YORK, June 4.—The stock market today was extremely dull, the transactions recorded being the smallest for a full day's business in some weeks. Negotiations between Union Pacific and Northern Pacific officials were reported to have been brought down to a point where only a single question divided the two parties, and Northern Pacifics were active but made no further advance, and yielded to a limited extent. Sugar trusts rose rapidly, under considerable excitement, from 99¼ to 302⅝ on rumors of an extra dividend and rise in the foreign sugar market. The market closed dull and fairly firm at slight changes for the day. The majority of the list is slightly lower tonight.

RETIRING

FROM BUSINESS.

I would respectfully announce to the citizens of Los Angeles that, owing to a large increase in the rent of my store premises, it will not justify me to remain longer in the cigar and tobacco business at my old stand. Therefore, please observe and take advantage of the fact that

FOR THE NEXT THIRTY DAYS

I will make a great reduction on former prices.

Imported and Key West Cigars, 10c each; former price, two for 25c.

Imported Cigars, heretofore sold three for 50c, can now be had two for 25c; and those sold for 25c can now be had for 20c.

My best brands of nickel cigars, six for 25c.

Star, Climax and Horseshoe Tobacco, 45c per pound; P ncher do, for 40c per pound.

Leading brands of nickel Cigarettes, six packages for 25c; two 10c pages for 15c, and 20c packages for 15c. Still greater reductions made when sold by the box or quantity.

Meerschaum Pipes and Cigar Holders will be sold at cost. All other goods in proportion. Still greater inducements will be offered to the trade and in quantities.

As I will surrender possession of my store on the 30th day of June, you will please call early and secure a bargain.

I thank my friends and customers for the patronage heretofore bestowed upon me, and trust that at some future date I may be able to serve you again.

THE CITY IN BRIEF.

The library directors will meet this morning.

An excursion started east last night by way of the Denver and Rio Grande and Rock Island railways.

The annual meeting of the Flower Festival Society will be held today at 2:30 p.m., at No. 25 East Fourth street.

John A. Logan Relief Corps will not hold a meeting as expected tomorrow, but the ladies are requested to bring cake for the calico party at Turnverein Hall.

There are undelivered telegrams at the Western Union Telegraph office for Maj. R. H. Nolton, L. T. Clemens, Ed Lorigan (2), Joe Hortmond, Alfredo Garcia, H. Selsen.

Antonio Fernandez, who was charged, by Rosa Gonzales, with making threats of violence, was discharged by Justice Lockwood yesterday, the evidence being insufficient to warrant his conviction.

The annual calico party of Logan Post at Turnverein Hall tomorrow evening is attracting great attention, and the managers have decided to sell tickets of admission to the gallery at half price.

The Knights of Pythias propose to give a benefit entertainment on the evening of Thursday, the 13th inst., for the family of their late associate Carmichael, who was killed in the late elevator accident.

Mrs. Maud E. Drake of Vernon district sends to THE TIMES a cluster of 14 perfect oranges. The twig bearing them is only about half an inch in diameter. The grove was not irrigated the past season.

The West End Board of Trade will hold an important meeting at 1212 Temple street this evening. Sewers, the Temple-street grade and gas works will be discussed. City Engineer Fred Eaton will be present.

A small boy named Frank Howard was picked up on the corner of Spring and First streets yesterday morning by a citizen and brought to the police station, where he was reclaimed by his parents some hours later.

Dr. D. W. Babcock, secretary of the Los Angeles County Medical Society, states that on account of the fact that the District Medical Association is in session at San Diego, no meeting of the county society will be held this month.

Suit was begun yesterday by R. Henry and C. Green vs. Donald McDougall, to recover judgment on a promissory note for $3500; also, by H. E. Braffett vs. J. W. Bowen, to recover judgment on a promissory note for $300.

Judge McKinley affirmed the decision of Justice Austin in the Lottie Williams case yesterday. The woman was convicted of stealing $20 from a man whom she persuaded to come to her room, and appealed the case to the Superior Court.

Lizzie Lopez, the notorious "dope" fiend, recently tried before Justice Owens for smoking opium, was yesterday found guilty. Sentence was deferred, Horace Bell, attorney for the defendant, giving notice that he would take an appeal.

C. Walstein, a sufferer from heart disease, who is subject to fainting fits, fell in a faint on Buena Vista street yesterday morning, when the patrol wagon was sent for and he was brought to the police station, where he remained until he could be sent to his home.

A beautiful monument to the memory of Mrs. A. C. Hereford, mother of Mrs. Ernest Howard and Mrs. R. H. Dalton, and one of the early pioneers of Los Angeles, was recently erected in Evergreen Cemetery by the Western Granite and Marble Company of San José.

The remains of Mrs. Hattie E. Tabey, who died a few days ago, have been embalmed, and will be shipped to her old home at Fairfield, Me., where her two sisters now reside. Mrs. Tabey was a sister of C. H. Emerson, of San José, this State, and was 38 years of age.

B. A. Stephens received a telegram Monday stating that the Supreme Court had reversed the judgment of the lower court by which he had been found guilty of criminally libeling Horace Bell, and sentenced to pay a fine of $300. It is not believed that any further steps will be taken in the case.

The following passengers left for the North by the Southern Pacific line yesterday: George S. Hatton, F. E. Brown, Mrs. Piny, W. A. Clark, J. R. Cox, George H. Hollins, W. F. Wats, W. Sexton, B. O. Rhoades, W. G. Baxter, A. Haas, J. A. Dearing, L. W. Dennis, Mrs. Johnson, S. Joseph, C. A. Noltd.

Articles of incorporation were filed yesterday of the Davis Addition Water Company. The principal place of business is at Duarte. The directors are Charles Cassot Davis of Los Angeles, J. E. Preston, W. H. Payne, Emil Roy and John P. Avey of Duarte. The capital stock is $4720, of which $2310 has been subscribed.

Mrs. Clancy, who has frequently occupied a cell in the City Prison for drunkenness, was gathered in by Officer Grubbs at the corner of Second and Main streets again yesterday morning in her usual condition, and was taken to the station to sober up. She was as abusive as ever, and made things very lively for the officer.

Three complaints were filed against Alfredo Arguello yesterday in Justice Savage's court. Two were for battery, the complaining witnesses being Matilda Kosterlitz and Aurea Kosterlitz, and one for refusing to give the Assessor a list of his personal property. The battery cases grew out of an old difficulty between Arguello and some people who were squatting on land leased by him.

For the second time the case of Ah Chung, charged with playing tan, was postponed yesterday by Justice Lockwood; this time until June 13th. The defendant is one of the small army arrested on information of other Chinamen, who are suspected of taking the action they did out of revenge. The witnesses for the prosecution were not present yesterday, and it was in consequence thereof that the case went over.

The following were the arrivals at the County Jail yesterday: John Moran, battery, 30 days; John Martin, vagrancy, 20 days, and A. G. Stewart, battery, from Santa Monica. At 7 o'clock last evening there were but 91 prisoners in the tanks. The jail officers attribute the falling off to the fear among the toughs and tramps that they will be put to work, growing out of the recent agitation of the subject by the Board of Supervisors.

The following marriage licenses were issued yesterday: Thomas Carter, aged 51, and Eliza Jane Grant, aged 50, city; W. J. Bunker, aged 26, of Compton, and Mattie F. Hudspeth, aged 24, city; Elmer E. Harris, aged 21, and Lena Brodwell, aged 19, city; Horatio Marten, aged 41, and Lillie B. House, aged 17, city; James E. Doty, aged 29, and Laura B. Sandham, aged 22, of Pasadena; Robert Butcher, aged 34, and Anna More, aged 25, city; Cassius M. Smith, aged 22, and Mamie Caldwell, aged 22, of Pomona.

PEOPLE'S STORE.

Daily Bulletin of the Leading Dry Goods House.

LOS ANGELES, June 5, 1889.

"You boys do more toward aiding the newspapers," said an advertising solicitor to us yesterday, "than all the persuasion we could bring to bear; for it is a well-known fact that the clothing craft were never known to advertise. But, as you say, the cabbage-headed clothiers must either advertise or vegetate. I've often heard the clothiers say: 'Pshaw, the People's Store doesn't amount to much.' But they have found out by this time that you are rapid workers, and will soon make long strides into their trade, and they are trying to head you off."

Yes, depend on it, we are making rapid strides, and during the few short months we have clothing, we have flocked to our standard of honest values and proper prices thousands of the good people of this city, who can testify to its merits. To the cabbage-headed clothiers we say: "Advertise as you will, it will avail you nothing, unless you embody the principles upon which the People's Store was built. "Do unto others as you would wish them to do unto you." Stop your enormous profits; stop it in time. We warn you if you attempt to get $7.50 for a satinette suit that we sell at $3.95; if you got $12.50 for the identical suit we sell at $6.33, all this will not gain the confidence of your patrons. They know when they trade at the People's Store that there is only one price to all, and why is that price the lowest? No credit is given, no losses incurred; good cash-paying customers have no need to pay extra profits to help pay the losses of those that never pay. The mere posting up of a monster sign—one price—is in most instances a sham to ensnare the unwary; for if you attempt to leave those dens without buying, they hunt up some imaginary defect in the article and on their own accord; drop, drop; and if you persist, no telling where they'll end. These methods can only be tried once, and next time you want to buy, you'll go to the People's Store and trade there with confidence.

Boys' Suits, 99c; a Handsome Suit; worth $2.
Boys' Finer Suits, $1.25, Pleated Fronts, and worth $2.50.
Men's Suits, $3.95; well made and worth $6.50.
Men's Blue Flannel Suits, $5.65; clothing sharks want $10 for the same.
Men's Fine English Corduroy Pants, $1.75; cabbage-headed clothiers ask $4.
Boys' Velvet Corduroy Pants, 65c; clothing monsters ask $1.25.
Men's Flannel Coats and Vests, $1.49; clothing monsters ask $2.75.

FURNISHING GOODS DEPARTMENT.

Men's Fine Pleated Open-front Shirts, 98c; clothing monsters ask $1.75.
Men's British Socks, 10c a pair; clothing monsters ask 20c.
Men's White Merino Shirts and Drawers, 25c; clothing monsters ask 50c.
Men's Fancy Pique Vests, 49c; clothing monsters ask $1.25.

Our boys' clothing has taken quite a stir with the purchasing public—can't understand how they can be sold so cheap, but one reason is, they are properly bought. Now, that suit at 99c is very cheap. Customers have told us they've seen the same elsewhere, but were asked $2.25. Our $1.25 suit is a paralyzer and an eye-opener to cabbage-headed clothiers, because they can't match it at $2.50. But at $2.49 it's what we call a hair-lifter; a nobby suit, and as dressy as can be made. You can rest assured these monsters ask $4.50 for the same. Boys' clothing at proper prices only at the People's Store.

WINDOW DISPLAYS.

Ladies' White Embroidered Dress Patterns, $1.49.

You will admit that $1.49 cannot be spent to a better advantage and get more value than for these dress patterns. Ten yards of material and 6¾ embroidery, all for $1.49, but a bargain at $2.75.

Pongee Dress Patterns, $7.75.

TRIMMING AND PARASOL FREE.

A silk suit with parasol and trimming, all for $7.75, and one which has no comparison for wear and dress as this for this season of the year. Eighteen yards of silk pongee, 4 different styles of trimming, and a handsome lace-covered parasol for $7.75, and you can't buy the silk for anywhere near the price. They are rich and well worth your time; just see how beautiful they all match.

New Styles of Prints, 22 Yards for $1.

The choice designs, new ones just received yesterday, and a whole lot for $1; 22 yards, and if you don't come early all the pretty ones will be gone.

Oxygen, Compound Oxygen, Nitrous Oxide, and other inhalations, used in all

DISEASES OF THE LUNGS.

We have introduced the compound oxygen treatment with our systems of practice in the cure of Asthma, Bronchitis, Consumption, Dyspepsia, Insomnia, Sore Throat, Catarrh, Rheumatism and Nervous Prostration, while only the most improved methods are employed in all female complaints.

As is well known, Oxygen is the life-giving principle in the air we breathe, and Ozone in the air imparts that happy and buoyant feeling after thunder storms. Persons often require more oxygen than is in the air around them, and cause doors and windows to be opened, tear off collars, loosen the waist, and call for a fan to displace the stifling and bring fresher air or more oxygen. Traveling is done mainly to resorts where the air contains more oxygen, and mountains are ascended to breathe the Ozone, which is light and ascends from the earth.

Oxygen and Ozone are gases, and must be stored up and used by inhaling them. Our apparatus for storing and having these gases compounded with other suitable agents is perfect, and though they are not a cure-all, yet they are undoubtedly the greatest invention made in the last twenty years in any department of medicine, and the results are truly wonderful.

Oxygen acts by purifying the blood. Thereby increases the circulation, promotes absorption, improves digestion and assimilation, increases the capability of the lungs, and acts as a gentle stimulant to the nervous system.

The London, Eng., Lancet, very truthfully says: "The compound oxygen treatment is the greatest discovery of the nineteenth century." Clergymen, Statesmen, Lawyers, Doctors and all classes indiscriminately, wherever it is introduced, both use and recommend it.

The testimonials given below are very fair samples as to the time required for effecting cures in these troublesome cases:

Dr. Williams—DEAR SIR: I am happy to say that the cure you effected in me for a severe case of throat disease has proved to be permanent. For over a year I was troubled with post-nasal catarrh and granulated throat disease, and had done so much for it that I had but little hopes of ever being cured, when I first went to you, but you gave me such positive assurance that you could cure me that I began your treatment, and in four months from that time you discharged me as cured, and I am happy to say the cure was a permanent thing in every particular up to the present time, which is now over a year. Yours very truly, MRS. LUCY R. TRASK,

809 South Olive street, Los Angeles, Cal.

Dr. M. Hilton Williams—DEAR SIR: I have been contemplating for some time past making a statement of my case and the benefit I have derived from your treatment, remembering how glad I would have been could I have seen something of the kind from a person in the city, to whom I could have referred, when I first came to Los Angeles from my home in New York State.

I had been suffering for several years with what various physicians in the East pronounced "chronic ulcerated laryngitis." I spent considerable time at the Clifton Sanitarium, and employed the best medical skill I could find, all without any permanent benefit, and as a last resort our family physician recommended Los Angeles. For a time I improved, and then I began to go backward and all my former symptoms returned.

Through a medical friend I was induced to try your treatment. I became very much discouraged at times, but persevered, as I felt almost desperate and knew of nothing else to turn to. My throat trouble being aggravated by a serious stomach difficulty, made it very obstinate to deal with, but at last, after persevering for a time with your remedies, I consider I am permanently cured. If this will be of any value to you you are at perfect liberty to use it; also to refer any one to my mother, my husband or myself. Very truly yours,

MRS. J. D. WILEY,
Los Angeles, Cal.
